QUEEN CHARLOTTES AGAIN

Once more we hear from the Queen Charlotte Islands mining men and we shall undoubtedly hear more from them yet. A group of mineral claims on Moresby Isd. has been bonded by a Vancouver concern with a view to development and it is announced that a stamp mill will be in-

it prove successful, a larger mill will be installed. The resident mining engineer has reported favorably on a number of Queen Charlotte Islands prospects and he has Dr. Large revealed. The successful prospecting of the Skidegate Sunrise mine

more than ever interested in these islands on the fringe of the continent.

DAILY EDITION

# TAXING MEALS

It is proposed to carry the taxing mania to the limit of taxing meals at restaurants. The federal government has geese. done its worst in placing a two-cent a pound tax on sugar, one of the chief foods used by young children. Now comes the Tolmie administration levying on those who eat in restaurants. It is a petty move and will bring only small returns. Last night the decision of the legislature was read to millions of people in the United States, letting them see to what straits this province had come.

# HARD TO REALIZE

The person whose business has so far refused to respond to slightly improved conditions is difficult to persuade being particularly treacherous in ganization of the United Church that there is a betterment and that the outlook is distinctly this respect. brighter. On the other hand, many people are tired of the depression and do not want to hear any more about it. They are sick of the word and object strenuously to its being used. When an advertiser yesterday removed the word from his advertisement it caused him great pleasure.

That is the first step toward improvement. The downward trend was much over-advertised and now we must concentrate on the improvement that is steadily spreading over the land. Prince Rupert wil be a party to this im-

provement.

THE OFFICIAL THANKS OF LIBRARY BOARD

Editor, Daily News:-

On behalf of the Prince Rupert Library Board, may I request the courtesy of your columns to sincerely thank the Gyro Club, C. H. Orme and the many friends of the library sored and contributed to the excellent results obtained during the

recent Gyro book drive. The board also wishes to express its appreciation of the co-operation and support, extended at all times by the "Daily News."

A large percentage of the books donated are suitable for library purposes and will soon be available to readers.

The assistance rendered by the drive will do much to offset a pos- Steward Frank Bray. sible decline in service occasioned by reduced financial grants.

Great Circle Country Described by Dr. R. G. Large at Gyro Luncheon Tuesday

# Fine Country

Big Game Munting, Sport Fishing, Scenery, Sun Bathing Included In Its Attractions

Recommending the Circle Lake district in the central interior south of Ootsa Lake as being quite as attractive a holiday venue as California for people of Prince Rupert and elsewhere in the north, Dr. R. Geddes Large gave an interesting magic lantern illustrated talk be-Thursday, April 6, 1933 fore the Prince Rupert Gyro Club Tuesday afternoon in which he described some of the adventures and pleasures he had encountered on a trip which he made two years ago into the Ootsa, Whitesail, Eutsuk and Tetachuk Lake area. In addition to unrivalled big game hunting and sport fishing, even sun bathing could be enjoyed on the stalled immediately to give the ores a thorough test. Should wonderful and extensive red sand beaches of Eutsuk Lake which was unexcelled for camping purposes, pular as a holiday place and was now made readily accessible by Circle Lake district was another magnificent feature of the country which at one point was no more to a point where it can ship pay ore has turned a good than forty miles from the Pacific many eyes that way and this recent deal will make people Ocean at Gardner Canal.

Describing the big game hunting possibilities, Dr. Large disclosed how cariboo, moose, goat and mule deer abounded n the district while. in the fall, the numerous sloughs and lake bays were full of ducks and

Differing Weather

Although the two lakes were close together. Whitesail and Eutsuk actually flowed in opposite directions with a divide and slope between. There was plenty of rain on the Whitesail, not far removed from Gardner Canal, which reminded one of the coast. Eutsuk, on the other hand, had consistently fine and sunshiny weather. Both lakes were

TEMPTING RECIPE

# TAKE YOUR COLD COOKED LAMB

Mince 2 cups cold, cooked lamb. Add 2 or 3 tablespoons mashed potatoes. Season well with salt, pepper and pinch of Colman's Mustard. Moisten with tomato juice. Shape in oblongs, dip in beaten egg, roll in dry crumbs and fry in deep fat till golden brown.

What a tempting "left-over" dish. And an inexpensive meal for a family of four. The family will like it, too. The lavour is so appetizing provided you have not overlooked the necessary pinch of Colman's Mustard.

TORONTO, April 6: (CP)-A new departure in the forms of educational organization has been made by the United Church of Canada in setting up a board of Christian education, which is now holding its; first neeting at Victoria University here. Hitherto there has been a board of education to supervise colleges and the training of candidates for the ministry, and a board of religious education which has had the supervision of Sunday schools and young peoples' work generally. These two are now to be merged in one board of many and varied functions that centre in the one word education.

In a statement on the purpose underlying this action, the Moderator. Dr. T. Albert Moore, says: "When the fifth general council amalgamated the two historic boards into one and constituted the board of Christian education, giving it oversight of the entire educational interests of the church from the member of the Cradle Roll to the university graduate, it multiplied opportunities for giving effective leadership to every educational activity within the church and it magnified the relationship which necessarily exists between the great spiritual objective of the church and one of its most influential methods of work."

Reflecting the high hopes expressed last autumn when the merger plan was adonted, the moderator points out that every individual. child, youth or adult, who comes within the church influence will some within the scope of the board's planning at its inaugural sessions.

Rev. E. W. Wallace, D.D., chancellor and president of Victoria University, has been appointed chairman of the new board. Rev. J. W. Graham, D.D. veteran secretary of the former board of education, who retires in June, will be associated with Rev. Frank Langford D.D., secretary of the board of religious education, in presenting the busi-
