The idea that wheat can, under our present system of buying and selling be pegged at a certain price by one country and not by all others seems to be a foredoomed failure. So far it has not been tested. Yesterday when it was decided to make no sales on the Winnipeg exchange at less than Monday's closing prices, the prices at once stiffened. If they had dropped we do not know what would have happened.

DRESS CUTTERS' STRIKE

The dress cutters of Montreal are out on strike. The result is that all the seamstresses and others occupied in dressmaking have no work with which to go on. The industry, which supplies the whole country, has stopped and if the strike continues no new fall dresses will be available except such as are imported from other countries. The Canadian women will suffer but it will be a high time for the men who pay the bills.

Any movement which sets itself against any particular class in the community seems foredoomed to failure in a British country.

MEAL TAX APPEAL

It seems as if it would have been better for Attorney Dr. Lyle Telford, well known Van-General Pooley to have saved the expense of appealing the couver physician and surgeon, in Meal Tax. Even if he wins it will be only a brief period be- the course of a campaign tour on fore a change takes place politically which will result in behalf of the Canadian Co-operathe tax being abolished.

Urge Sending Team on Tour

LONDON, Aug. 16:-The Lawn Tennis Association is being pressed to change its decision not to send an official tennis team to Australia this year. The players seemed neryous, endeavoring to play their shots carefully, with the result that there was little driving and few rallies.
