Reduction Is Ordered In Draft of Vessels Plying St. Lawrence

Recent Steady Drop Throughout Watershed is Reason For Action-Commission of Engineers May **Investigate Situation**

MONTREAL, Oct. 19: (CP)-Craft drawing more than thirteen feet, three inches cannot be handled in various canal systems between Montreal and the St. Lawrence at and above Prescott, Ont., states an announcement made here by the Department of Marine. The ruling clips three inches from the permissible draft of vessels in St. Lawrence canals following a recent

steady drop throughout the St. Lawrence watershed. Lake steam-ship traffic will, as a result, be seriously affected. The situation in the harbor of Montreal and the river as far as Quebec is similar to that of the canal system.

Last Evening in Local Hospital. At Age of Sixty-Five

One of the best known pioneer citizens of the Queen Charlotte Islands was removed in the passing at 6 o'clock last night in the Prince In Atlin Chosen Rupert General Hospital of Albert James Wilds of Queen Charlotte City and formerly of Jedway. Having been in failing health for the past year or so, Mr. Wilds arrived in the city two weeks ago from the Islands and, after having suffered a stroke, was admitted to the hospital a week ago Monday. His condition gradually became worse and it was evident for the last few days that death was not far removed.

The late Mr. Wilds had resided on the Queen Charlotte Islands for twenty-five years. For twenty years he was at Jedway and during the last five years or so at Queen Charlotte City.

Deceased, who was a prospector, was born in Ontario and came west to Vancouver some thirty-five or forty years ago. He had followed mining in the Okanagan and Kootenay districts before coming north. Predeceased by his wife many years ago, Mr. Wilds had had no immediate relatives since the death of his sister, Mrs. Ike Thompson, a well known pioneer Queen Charlotte Island woman, about a year

Arrangements for the funeral, which will take place Saturday af- * ternoon, are in the hands of the B. C. Undertakers.
