PROSPECTED NEW GROUND

Bob Gerow Returns to Burns Lake From Fox Creek

BURNS LAKE, Oct. 19:—Bob Gerow has returned to Burns Lake from a placer gold prospecting trip through Fox Creek Canyon. The trip, he states, was without success as far as the gold was concerned but he believes that one of the tributaries of the creek may bear further investigation and he plans on making another trip to the region next year. Difficulties in penetrating the canyon were very great, the walls towering up to a height of 2200 feet. It took two days to go ten miles and most of the trip was made in the stream channel, there being extremely low water at the time. The stream bottom was found to be shifting all the time. The strata in the canyon is practically horizontal and is composed of many different types of rock.

Local Lady Is Honored During Manitoba Visit

The following appears in the Western Prairie Gazette published at Glenboro, Man.:

"About fifty people gathered at the home of Mr. and Mrs. Thori Goodman on Sunday afternoon to honor Mrs. J. M. Johnson of Prince Rupert, (nee Stina Anderson, daughter of the late J. J. Anderson, of the Skalholt district), who has been visiting here for the past two or three weeks. A dainty lunch was served and enjoyed by all, after which G. J. Oleson addressed the guest of honor on behalf of the people present and presented her with a ruby ring as a token of friendship. Mrs. Johnson responded with a very appropriate address.

"Mrs. Johnson had an ambition for learning, and attained a teacher's certificate and taught school for a number of years before she went to the coast. She has been at Prince Rupert for many years. A very pleasant time was spent with her on Sunday afternoon and the friendship of other days was happily renewed. She visited on her way here with friends and relatives in Alberta, Saskatchewan and other points in Manitoba. She was accompanied by her young daughter.

Mrs. Johnson left on Tuesday for Brandon enroute home."

Today's Weather

Prince Rupert — Part cloudy, light northwest wind; barometer, 30.08; temperature, 39; sea smooth.

Dead Tree Point—Part cloudy, light northwest wind; barometer, 30.02; temperatuer, 44; sea choppy.

Triple Island—Part cloudy, moderate wind; sea smooth.

Langara Island — Part cloudy, calm; sea smooth.

Terrace—Foggy, calm, 36.

Aiyansh—Part cloudy, calm, 31.

Anyox—Clear, calm, 32.

Stewart—Clear, calm, 30.

Hazelton—Cloudy, calm, 30.

Smithers—Clear, calm, 23.

Burns Lake—Clear, calm, 18.

A Brief Synopsis of Liberal Policy

HEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the well-being of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO.

August, 1933.

1.—Profitable and permanent **Employment** is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An **Economic Council** should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and **British Columbia can** take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our **Financial** position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.—The **Taxation Structure** must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries

4.—The health of each of us is important to the whole community, and a measure of **State Health Insurance** should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.—A general and effective review must be made of the **Educational** problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our **Municipalities** is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our **Agricultural Lands** in order that more of our citizens may be self-supporting. **Agriculture** as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.—Continuous effort should be put forth to assist industry in **Marketing** its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a **Highway Board** should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10.—**A Public Utilities Commission** should be established.

11.—**A National Central Bank** should be established.

12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—**The Peace River** must be given access to the Coast.

14.—In order that the utmost **Freedom of Action by Members of the Legislature** may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given **Equality of Treatment with the Other Provinces** of the Dominion.

16.—There shall be a permanent **Voters' List** to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.
