PREMIER MINE

The Mining World and Engineering Record throws some doubt on the interpretation given to the Premier Gold Mining Company's recent report, which intimated that the life of the big mine would end in about two years. The Record says there is a considerable amount of low grade ore available for treatment, and no doubt it was for that reason the tramway was recently renewed. The comment on the report, after speaking of the property in the Kirkland district which is paying well and the recently purchased interest in the Big Bell and Little Bell property in West Australia, says: "Altogether the report reads as very far from an expiring cry. We can scarcely believe that the developed tonnage in the Premier Mine itself really represents the ore likely to be taken out before the mine is closed down. The fact that recently much of the aerial tram has been rebuilt and a new 23-mile long traction cable put in, points to a continuation of active work for many years."

Speaking of the Australian property, the West Australian Government report speaks of it as a huge low-grade free-milling ore body 100 feet wide covering some 13 claims of 24 acres each.

The report of the president is a very conservative one and it is noticeable that the investing public do not take its pessimism very seriously for the Premier stock is still active and holding up well.

CANDIDATE FOR SKEENA

There are a number of good men whose services may be secured to contest the Skeena riding in the Liberal interests. At Smithers L. B. Warner, editor of the Interior News, is spoken of as a possibility and at Terrace E. T. Kenny is often mentioned as a likely candidate. There is also a rumor that an effort may be made to get Dr. Wrinch to reconsider his decision to retire. Doubtless if he did so he would be elected for he has given good service and is highly esteemed in the district. In any event Skeena will be well represented for Dr. Bamford is candidate in the Conservative interest and he is said to be an able man.

EASTER AT KITSEGUKLA

Interior Village Celebrates Happy Season of Year

KITSEGUKLA, April 25.—With a good choir, led by Walter Wesley, a very happy time was spent in the Kitsegukla Church this Easter, everyone in the village heartily joining in all the services.

God Friday morning Mr. Goodridge, the resident missionary, and Alfred McDames, local preacher, gave addresses while the anthems were "There is Life For a Look" and "Great is the Lord."

In the evening the president of the Epworth League, Peter Mark, was the preacher and conducted the service.

Easter Sunday morning the missionary preached from I. Cor. 15-22, followed by Moses Jones, local preacher. The choir appropriately sang "Christ Being Raised," "Christ is Risen" and "Christ Arose."

During the afternoon, by special invitation the Epworth League marched with their band to take part in the Salvation Army Hall service where the church choir again sang.

At the evening service, conducted by the Epworth League, Arthur Howard, local preacher, preached from Psalm 118 and there was a time of real fellowship.

The holiday on Monday saw everybody come together at a tea social on a piece of ground cleared for the purpose this year and with games and band music a very enjoyable Eastertide was brought to a close.

"Be thankful for what you have and think of those less fortunate than yourselves."—John D. Rockefeller.

AMENDMENT TO BYLAWS

City Removes Nightsoil Charge and Adds to Garbage

By majority vote, the city council last night repealed the bylaw whereby a charge is made for the removal of nightsoil and amended the garbage bylaw whereby a forty per cent increase is made in the charges for garbage service to make up for the loss in revenue by removing the nightsoil charge. Bylaw amendments along

these lines were sponsored by Ald. Casey.

Under the nightsoil bylaw, the city had estimated to collect revenue totalling \$1500. Under Ald. Casey's plan, this \$1500 is made up for by increasing the garbage charges which had been estimated originally to bring in \$4500. This end would have been met by a 33 1-3 per cent increase all around in the garbage charge but, in the interests of simpler book-keeping, the increase as provided for in the bylaw amendment is made forty per cent, thus increasing monthly garbage service charges from 25c to 35c for householders.

All the council except Ald. Wesch

voted in favor of repealing the bylaw.

When the proposed amendment to the garbage bylaw came up for discussion, Mayor Stephens stated that he failed to see the justice in penalizing all the residents of the city in order to provide a free service for comparatively few citizens. Ald. Casey replied that ratepayers in the outlying sections who received the nightsoil service were helping to pay for trunk sewers from which they derived no direct benefit. Mayor Stephens, in reply, declared that property owners in the more central sections of the city were bearing the brunt of taxation for trunk sewers in addition to having to pay much the higher general

taxes. Ald. Casey insisted that the more outlying property owners were paying a very fair share of the taxes and were entitled to free nightsoil service.

Following further wrangling between the mayor and Ald. Casey, which developed along very personal lines, the vote on the amendment to the Garbage Bylaw was taken. Ald. Pillsbury, Ald. Black, Ald. Basso-Bert, Ald. Casey and Ald. Rudderham voting in favor of the amendment with Ald. Wesch, Ald. Rochester and Mayor Stephens against.

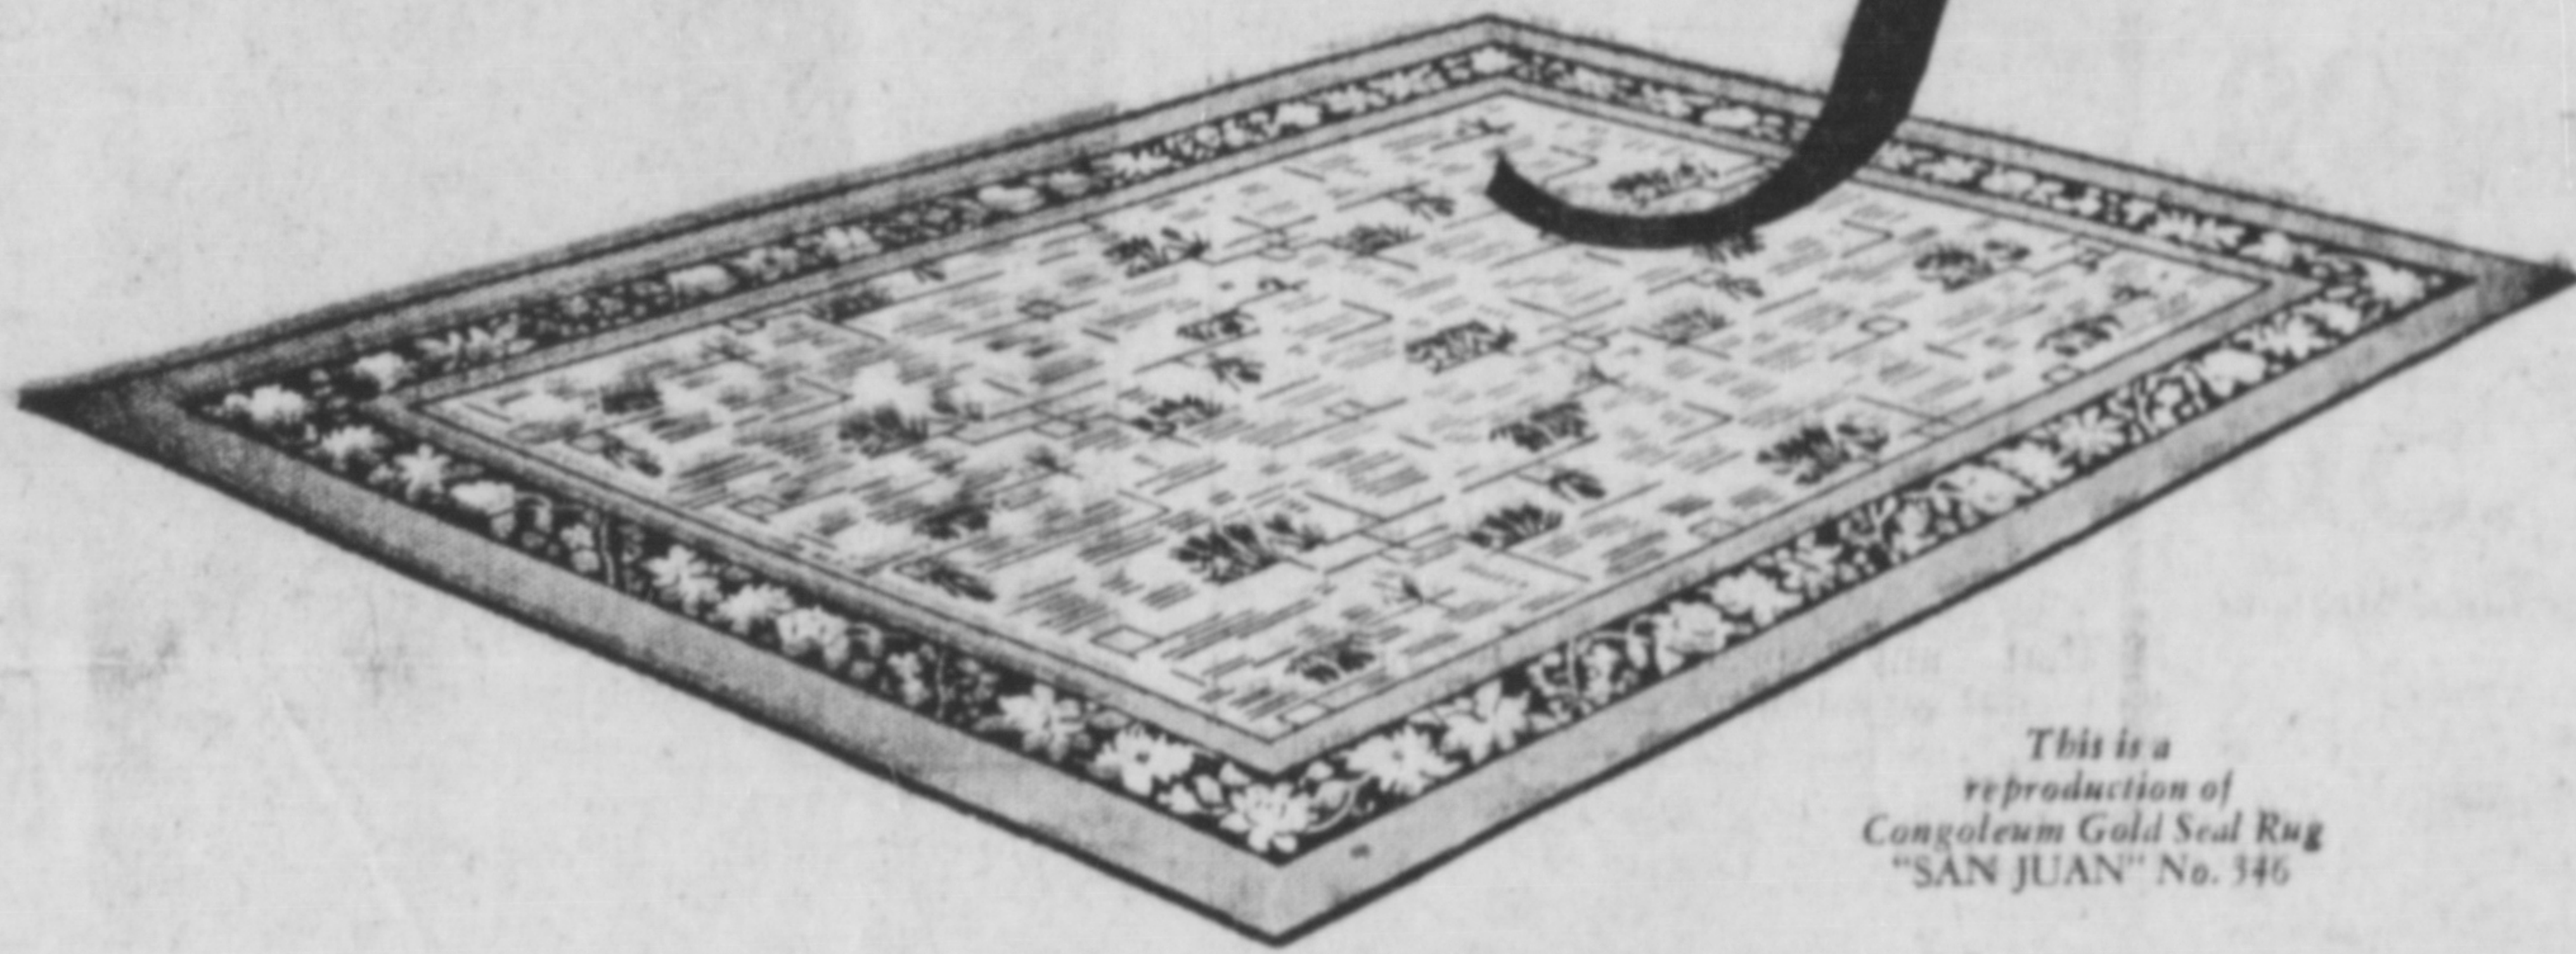

"To many of us, ease is far more soul-destroying than trouble." — Alice Foote McDougall.

Easter Services In Essington United Church

PORT ESSINGTON, April 25.—Special Easter services were held in the United Church, Port Essington, on Good Friday and Easter Sunday. Special music was a feature of the services. The church was beautifully decorated with moss, daffodils and Easter lilies by the Young People's Organization.
