WALKED THROUGH AFRICA

Colonial Press Despatch)
Miss Olive MacLeod, daughter of Sir Reginald MacLeod late permanent Under-Secretary for India, dressed in the costume which she wore during her journey of over 3700 miles of African travels. For six months Miss MacLeod, together with Mrs. P. Talbot and Mr. Talbot, were

in a country never before traversed by white women. They traversed dense jungles; waded swamps and rivers; were attacked by wild beasts, and at one time, while passing through the dreaded Kerri-Kerri country, were in peril of their lives from attacks by natives.

DEVELOP COAL ON SKEENA

R. C. Campbell Johnston, M. E. With Party of Twenty Miners is now at Work up River.

Mr. Leon Benoit of Winnipeg, has returned from Hazelton, whither he accompanied Mr. R. C. Campbell Johnston, M. E., and a party of twenty miners who have been despatched to the headwaters of the Skeena River to start development work on the coal lands owned by a syndicate of Eastern capitalists. Mr. Benoit has obtained and transferred to the syndicate a charter authorizing the building of a railway from Hazelton to the coal basin. He is enthusiastic about the possibilities of establishing a large coal industry. His holdings adjoin those controlled by a Toronto company controlled by Senator Cox.

Ground Hog basin, where the coal exists, is at the headwaters of the Skeena and Stikine rivers. The seams are said to consist of anthracite and semi-anthracite coal varying from 78 to 89 per cent in fixed carbon. They are said to have a thickness of from four to eight feet.

Mr. G. S. Malloch of the Dominion Geological Survey, says the Vancouver Province, is now at the coal fields to prepare a report for the Dominion Government.

— THE COSY CORNER —

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

DINNER GOWN OF LACE AND CREPE METEOR

Crepe meteor, than which there is nothing more effective for dinner or evening gowns, in a lovely shade of apple green serves as the foundation for above gown. Over this is a white Chantilly lace bodice and tunic draped over left shoulder with a black satin scarf which is caught at right side in a large buckle of brilliants.

NEWSLET IN EMBROIDERY

Makes Very Pretty Scarfs and Cushion Covers

A new kind of embroidery, which bids fair to be unusually popular on account of the simplicity of the work and the inexpensiveness of the materials required, is an embroidery done in a German cross stitch on foundation linen of a heavy quality and tan in color. Dresser scarfs and cushion covers and table centerpieces are among the articles used in this new work. A feature in its favor is its extreme durability. Mercerized cottons in different shades are used without exception, and the close designs give the best effects. Some of the centerpieces are edged with linen color lace an inch or two in width.

CANADA'S HEROINE

Laura Secord Will be Unveiled on July 5 by Sir Geo. Ross

The monument to Laura Secord erected on Queenston Heights by the generosity of the Dominion Government will be unveiled on Wednesday, July 5, by Sir George Ross and placed under the keeping of the Niagara Falls Park Commissioners.

Mr. J. W. Langmuir, Chairman of the Commission, will receive the monument on behalf of the board. It is expected that five of the surviving grand-daughters of Laura Secord will be present.

EARS ARE OUT OF FASHION

Beauty Expert Declares That It is Correct for Girls to Conceal Them.

Ears, it seems, are for the moment unfashionable. The reason for this is plain—the beauty experts have declared that the ear is a potent factor in the making of marrying of beauty and to this has been added the disturbing statement that "the average woman possesses ears that are altogether hopeless. Even the Jap-

anese long ago discovered that ears as a rule are unbecoming adjuncts, else why did they adopt the fashion of wearing bunches of flowers or rosettes of ribbon at the side of the head?

Well-shaped, well-set ears are indeed a rarity. One sees them, large and thick and red, and absolutely lacking in delicacy and purity of cut. Red ears should not be tolerated and are usually the result of too tight clothing. Only the lobes should be faintly pink. While earrings are again the fashion, it is pleasing to know that the barbaric custom of boring the ear has gone out. The ugliness of many ears can be traced to this custom, for the rings pull down and elongate the lobes until they lose their proper shape.

But let us not despair. The present fashions will be of great aid to us in skilfully disposing of our ears. The new theatre cap, the present style of hair-dressing, the "pudding bag" toque, the small helmet hats—all help to hide the unwelcome appendages so successfully that the beauty censors will not be able to grumble.

HOUSEHOLD HINTS

To destroy moths put the moth-infested articles into a baker's oven which has just been used for baking. Let them remain there overnight, and in the morning take them out and shake and beat them in the open air.

Buying in small quantities at this season is the wisest plan, if one has no cellar or cool place to store the wares, as a warm kitchen closet is hardly conducive to retaining the freshness of even canned commodities.

No one enjoys washing the broiler on the gas stove. This unpleasant task may be avoided if chops or small steaks are placed in tin pie plates and set on the broiling grate. The meat is cooked just as well and the plates are easy to clean.

Soft Molasses Gingerbread

To one cupful of molasses add one teaspoonful of ginger, a half teaspoonful of cinnamon, quarter of a teaspoonful of cloves, quarter of a teaspoonful of salt, three tablespoonfuls of melted butter, or other shortening and one teaspoonful of baking soda. Stir well together, add one-half cupful of boiling water and, as quickly as mixed, two cupfuls of sifted pastry flour. Pour the batter one inch deep in a well greased pan and bake in a quick oven.

Patriotic Service in the Empress Theatre

A special service in honor of Dominion Day will be held in the Empress Theatre on Sunday evening. Rev. F. W. Kerr will take as his topic "Canadian Nationalism and the Imperial Future."

As a gateway through which the nations will pass to enter our great Dominion Prince Rupert must especially cultivate a high and intelligent patriotism.

The service will commence at 7.30 p.m. Morning service is also held in the same place at 11 o'clock.

ITEMS OF SPORT

A. Maul, the former pitcher, has been scouting around Vancouver during the Vancouver-Victoria series on behalf of Connie Mack. He has been watching Brown's new twirler, Rasmussen.

Jimmy Wiggs, the elongated twirler secured from Oakland in the Coast League by Manager Tighe, in the hope that he might prove a life saver for the Giants, has been turned back to the Oakland club.

The veto against the proposed Morris-Flynn fight at Sapulpa, July 4, announced yesterday by Governor Cruce, in a letter to Sheriff J. W. Berry of Creek county, in which the governor threatened to call out the militia if necessary to prevent the bout, was widely discussed in Oklahoma City churches.

Jim Flynn, the Pueblo fireman whose proposed fight with Carl Morris was called off after Governor Cruce of Oklahoma decided that the contest could not take place in that state, abandoned his training camp at Kansas City and left for Pueblo last night. He said he would resume training when a new date and place for the bout were selected.

President Lynch of the National League, has announced that, following an investigation and the taking of testimony concerning the blow umpire Klem struck Roger Bresnahan manager of the St. Louis club, at the close of last Friday's game in Cincinnati, he would fine the umpire \$50. Bresnahan was complimented for not retaliating when he was hit.

The Cleveland American League baseball club will educate Joe Jackson, the outfielder recruited from New Orleans team of the Southern League. President Somers, of the Cleveland club, has notified Memphis relatives of Jackson that he will put Jackson in college at the close of the American League season in October. President Somers considers Jackson one of the greatest ball players in the game and believes the mental training of a college course will make him more valuable to the team.

That Orval Overall, pitcher, now on the reserve list of the Cubs, would be traded to some other team in the National League if such a thing is possible was not denied by President Murphy. Dispatches from Philadelphia indicated there was a deal on between Fogel and Murphy. This Mr. Murphy would neither deny or affirm. He declared, however, that at the request of Manager Chance circular letters were sent to each of the National League teams asking what they had in return for Overall and Willis. Many replies have been received, but the offers were not what Chance thought they should be and were rejected.

This is how the Vancouver Typos challenge each other. What a pity they can't meet Prince Rupert's great team!

"The baseball team playing in the City Commercial League under the cognomen of the World think that they are some ball tossers, but they are not even in the running when it comes to playing against The Province ball sluggers. The Province has proved this time and time again and they think that they can do the same on Thursday, on which evening they would like to tackle the Homer street team. The Province is willing to play for money, marbles or fun and if their fellow type slingers think that they would like to learn something about the great and glorious game they have only to accept this challenge."
