

Summer Shoes Running Shoes Rubber Shoes Beach Shoes

All Kinds of
Footwear
Suitable to
the Season

We purchased a full line of all kinds of summer footwear from such well known makers as Goodrich, Miner and the Dominion Rubber Company and got them at such a low rate that it is easy for us to undersell all other dealers. We are giving our customers the benefit of these low prices. Call in and look them over and try on a pair. It is a pleasure for us to show them even if you do not buy.

An outbreak of mosquitoes of a species unknown in Canada resulted in the death of 80 cattle, 67 hogs, 3 horses, 1 mule, 20 chickens and 2 dogs in Florida.

COMMISSION SITS HERE

(Continued from page one)

works. These men find themselves, as it were, five hundred miles from the nearest city in a pocket and cannot get out to help themselves. I would suggest that the highway out of Prince Rupert be continued as a relief measure or as a public work that will help to develop this important part of British Columbia.

"I would further suggest that the Local Improvement Act be amended to compel municipal councils to secure consent of two-thirds of owners whose property abuts on proposed construction of works or that the Local Improvement Act be abolished. The initiative of the council has been the cause of a large part of the debt of Prince Rupert and the reason for its present financial difficulties."

Questions Answered

Judge Harper asked the City Commissioner for more information as to the resources which would be opened up by a highway from Prince Rupert to the interior and was told by the city commissioner something of the agricultural and mineral possibilities of the interior which would be opened up by such a highway which would also give Prince Rupert access to the highway system of the province.

Inquiries were also made by members of the commission as to the mill rate here and other such matters. The city commissioner disclosed that the tax collection so far this year had amounted to some 62 or 63% and it was hoped to equal last year's mark of 76% at September 1. In answer to questions, Mr. Alder stated that private owners held 66.53% of the land in the city of Prince Rupert, the Canadian National Railways 3.26%, the provincial government 11.14% and the city 18%. Of buildings the Canadian National Railways owned 15.35%, the provincial government 6.39%, the city 4.26% and churches, 2%. Assessed value of land in the city was \$4,946,486 and buildings, \$6,302,835. The city commissioner expressed the belief that the improvement tax would have to be increased next year.

The commissioner informed the commission that he had reduced general expenditures by \$27,000 since assuming office. Some \$3,000 had been paid by the city in relief in July as compared with \$6,000 in January. The commissioner referred to the difficulty of getting married men to work for their relief when the government was not having single men do so here.

The chairman of the commission explained to Mr. Alder that the question of unemployment could

hardly be considered as coming within the scope of the commission.

City Solicitor

Representations presented by City Solicitor E. F. Jones included a suggestion that the composition of the city council be changed to something in the form of an executive commission such as governed the city of Saint John, N.B. Membership of the city council, as heretofore composed, Mr. Jones felt, were "too close to the constituents" and the tendency had been to make unwarranted expenditures which, possibly, had been partially responsible for the present state of financial affairs.

In order to remove the possibility of prejudice and insure disinterestedness, Mr. Jones suggested that civic court of revisions as at present constituted by appointment of the city council be altered and that the matter of assessment revision be handled by a provincial board consisting of lawyers and technical advisers.

Removing of the initiative plan in undertaking of local improvement work or, better still, the complete abolition of local improvement system, the city as a whole to pay for all road and street improvements, was also urged by the city solicitor.

The brief of the Prince Rupert Chamber of Commerce, text of which was published yesterday, was presented by M. P. McCaffery, chairman of the committee of the Chamber having the matter in hand, after which the session of the commission adjourned.

Ratepayers' Representations

The memorandum of the Prince Rupert Ratepayers' Association urged the taking over of poll tax collection by the provincial government, measures of relief of land and improvements from civic taxation, taking the tax sale reverted lots off the market by the government until such time as they are required because of increase of population, loaning by the government to the city of 50% of the amount of tax arrears with reverted lots as security for the loan and interest rate the same as the government has to pay, assumption of cost of social services and municipal policing by the provincial government and provision for a city defaulting in bond and interest payments to assign for the benefit of its creditors.

Local Team For Football Games Against Dragon

The Prince Rupert Football Association has selected the following team to play against H. M. S. Dragon in Friday's soccer game in connection with the sports program on the occasion of the warship's visit:

Stiles; Baprie and S. Currie (captain); Edgumbe, DeJong and A. McDonald; J. McKay, J. Murray, Dickens, Chenoski and Norrington; reserves, Blake (back); George Hill and Gilker (halfbacks, and Lokken (forward).

Prince Rupert is expected to make a strong bid for the Hanson Cup, which was captured by the Dragon three years ago and has been held by the ship since. That the locals will have their work cut out, however, is indicated by the fact that the warship has on board a strong soccer team which has yet to suffer defeat on its present cruise of the coast during which it has met some of the strong southern teams.

The game to be played tomorrow night will decide the possession of the trophy although it is planned to have another soccer match Monday evening.

TESTED RECIPES OF TEMPTING INTEREST INDIAN PICKLES

Peel
nine onions

Select medium sized ones and take 2 dozen ripe tomatoes, 6 large apples, ¼ lb. ground white spice, 1 qt. vinegar, 1 lb. raisins and salt to taste. Having boiled them all together for 1½ hours, strain them and add 1 lb. brown sugar, ¼ cup of Colman's Mustard and 1 teaspoon of cayenne pepper. Now boil the entire mixture for ½ hour and your Indian Pickles are ready for bottling.

And what pickles they are! Tasty enough to satisfy an epicure. More spicy and flavourful than you ever thought a pickle could be. By all means prepare some Indian Pickles and remember how very important it is that ¼ cup of Colman's Mustard.
