

BIG SHIPMENT

New Leckie Shoes

Our shelves are piled high with a new shipment of Leckie Shoes which were purchased months ago at the low rate for large quantities then prevailing and arrived only this week. They are

Seasonable Boots and Shoes For Men, Fine and Heavy Footwear For Women Misses and Boys

All these are being priced to give us only a small margin of profit. Our customers get the benefit of our good buying.

Owing to the popularity of the Leckie product the factory has been increased in size in order to meet the steadily growing demand. Prince Rupert is one of the markets for the Leckie Shoes and will continue to be as long as the present high standard continues. Let us show you.

T. Clegg, inspector of air brakes for the Canadian National Railways, after a visit to this city and district on official duties, sailed by the Prince George last night for Vancouver.

Lieut. G. Newberry, Salvation Army, who arrived in the city recently from Regina, sails tomorrow morning on the Princess Norah for Wrangell, Alaska, to join the corps at that point.

J. A. Hartley, safety inspector for the provincial government, who has been on a visit here on official duties, sailed by the Prince George last night on his return to Vancouver.

A Brief Synopsis of Liberal Policy

HEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the well-being of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO.

August, 1933.

1.—Profitable and permanent **Employment** is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An **Economic Council** should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our **Financial** position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.—The **Taxation Structure** must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of **State Health Insurance** should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.—A general and effective review must be made of the **Educational** problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our **Municipalities** is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our **Agricultural Lands** in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.—Continuous effort should be put forth to assist industry in **Marketing** its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a **Highway Board** should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10.—A **Public Utilities Commission** should be established.

11.—A **National Central Bank** should be established.

12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—The **Peace River** must be given access to the Coast.

14.—In order that the utmost **Freedom of Action** by Members of the Legislature may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given **Equality of Treatment with the Other Provinces** of the Dominion.

16.—There shall be a permanent **Voters' List** to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

ARE WEDDED AT TERRACE

Miss Mildred Kirkpatrick Becomes Bride of Norman Moorehouse

A wedding of much interest here and at Terrace took place at 3 o'clock yesterday afternoon in the United Church at Terrace when Miss Mildred Kirkpatrick, only daughter of Mr. and Mrs. W. A. Kirkpatrick of Terrace, became the bride of Norman Moorehouse, second son of Mr. and Mrs. J. W. Moorehouse of this city, Rev. W. R. Welch officiating.

The bride, who was given in marriage by her father, made a pretty picture in her wedding dress of white satin with veil and orange blossoms. Her bouquet was of Ophelia roses and maidenhair fern. The couple were unattended. The church was filled for the occasion. Following the ceremony, a reception was held at the home of the bride's parents, wedding breakfast being served to relatives and immediate friends.

Mr. and Mrs. Moorehouse arrived in the city on last night's train and will take up residence in the groom's new house at the corner of Fourth Avenue and Eberts Street. The couple will have the hearty congratulations and best wishes of many local friends.

The groom, who is identified with W. R. Love in the electrical business, here, has lived in Prince Rupert since early boyhood. The bride has also lived at Terrace with her parents since girlhood.

NEW YORK METALS

NEW YORK, Oct. 20.—Bar silver closed at 36 1/4¢ per ounce on the local metal market yesterday and gold at \$29.18. Copper strengthened up somewhat at 7 1/2¢ to 7.9¢. Today's price for silver at closing was 36 3/4¢ and for copper, 7 1/2¢ and 7 3/4¢.

BIG BILL ON SCREEN

Two Features and Opening Episode Of Serial Offered to Capitol Theatre Patrons This Week-End

Two feature pictures, "Under the Tonto Rim" and "Gambling Ship," on a double bill and the two-reel opening episode of the first talkie serial to be presented here, "Clancy of the Mounted," a thrilling yarn of the Canadian northwest, go to make up a full and attractive program at the Capitol Theatre for the end of this week.

"Under the Tonto Rim," the cast of which is headed by Stuart Erwin, Fred Kohler, Raymond Hatton and Verna Hillie, is the story of a cowboy who just couldn't do anything right—up to the time a girl laughed at him and made him lose his temper. The scorn has the effect of making him a real bad man and he breaks up a saloon, seizes the boss' daughter and carries her off with him. The picture reaches a breathless climax as Erwin faces a posse which has set out to get him for abducting the girl, on the one hand, and a band of cattle rustlers, on the other.

The action of "Gambling Ship" is set aboard a gambling ship with Gary Grant, Benita Hume, Jack LaRue, Glenda Farrell and Roscoe Karns playing the leading roles. Grant is the central figure as a big-shot eastern gambler who meets an old time enemy, LaRue, in the west, events that follow being rapid and thrilling.

Keep going with PEP!

ACTIVE people of all ages enjoy the tempting flavor of Kellogg's PEP Bran Flakes.

Made of wheat. Nourishing. Easy to digest. Plus bran. Mildly laxative. Delicious with milk or cream. The flavor of better bran flakes!

Enjoy PEP often—breakfast, lunch or supper. Your grocer has it. Made by Kellogg in London, Ontario.
