U. S. MAKES OVERTURES TO RUSSIA

Drastic Step Taken to Impress German Menace Upon Austrian People

One-Tenth of Army Reported to Have Deserted and Left Country—Crisis Continues to Face President Dolfuss

VIENNA, Austria, Oct. 20: (CP)—Orders to shoot and kill Nazi demonstrators were issued today to the police of Dornbirn in order to impress the populace with the seriousness of the situation. One-tenth of the Austrian army is reported to have deserted and left the country for Germany. A crisis faces President Dolfuss.

INDUSTRY IS CODED

Textile Regulations Are Approved By Director of N. R. A.

WASHINGTON, D.C., Oct. 20:—General Johnson, director of the National Recovery Act, yesterday approved the new regulations codifying the textile industry of the United States including the cotton mills. There will be strict regulation of output in view of the present over-production.

DEMANDING STRIKE END

National and State Authorities Put It Up to Unions Squarely

SPRINGFIELD, Ill., Oct. 20:—National and state authorities yesterday put it up squarely to the miners' unions to end strike conditions which have been prevailing for months in the anthracite coal fields and which yesterday culminated in the twentieth killing since the dispute commenced.

The authorities charge the unions with wilfully permitting the strike to continue in spite of the fact that it might have been settled on this on satisfactory terms.

SUCCUMBS ON STREET

Thomas Guthrie, Well Known Local Longshoreman, Victim of Heart Attack This Morning

Thomas Guthrie, well known local longshoreman, who had been a resident of the city for some twenty-five years, dropped dead about 10:40 this morning on the street as he was trying a door at the Commercial Hotel at the corner of First Avenue and Eighth Street. Heart failure is believed to have been the cause of death. The police were called and the body was removed to the parlors of the B. C. Undertakers.

The late Mr. Guthrie, who was unmarried and lived on First Avenue, was sixty-five years of age and was born in Paisley, Scotland.

CAMPAIGN ECHOES

C. C. F. AND FREEDOM OF THE PRESS
Dr. Lyle Telford at the Victoria conference of the C. C. F. announced:

"Under the C. C. F. we will have control over the public press and will be able to see that the public is not deceived." (Victoria Colonist, Sept. 18, 1933).

The Soviet exercises "control" of the press in Russia with the similar pious intention of protecting the public.

The German dictator Adolph Hitler likewise censors all news before it is allowed to appear in the German newspapers so that the public may not be "misled."

The C. C. F. would adopt these same tactics and excuses.

Under the present much maligned capitalistic system all shades of political and economic opinion have been allowed free publication and expression, with one exception, namely, that no man must publicly advocate the overthrow of our governments by violence. The Socialists take advantage of this freedom to advocate the overthrow of our present system of government, but wrongly and inconsistently do not intend to allow any such freedom to others, if and when they gain power. How long would a newspaper editor in Russia live who dared advocate the peaceful overthrow of the Soviet system? The answer is, just long enough for the government to call out a firing squad and put his back to a stone wall.

After all, the liberty of the press is one of the greatest, if not the greatest, safeguards of our personal freedom and liberty, which Anglo Saxon peoples have won only after centuries of conflict and bloodshed.

Can we afford to take any chances with such dearly bought liberties?

CATHOLICS AND C. C. F.

Head of Church in Montreal Warns His People Against Principles Of New Political Body

MONTREAL, Oct. 20:—A warning to Christians to beware of pessimists and a note of warning against the C. C. F. as advocating Socialistic principles were given by Msgr. Georges Gauthier, archbishop co-adjutor of Montreal, in addressing several hundred at the Notre-Dame du Mont Carmel Church in connection with the celebration of the seventh centenary of the foundation of Servites de Marie.

"There are a number of persons among you who are listening to me, who will soon exercise their right of vote," the archbishop said. "I wish to warn you against those who speculate in human misery and who tend to impose measures frankly Socialistic on our young country. What pains me the most is to witness a number of Catholics who easily believe in the promises of the C. C. F."

"This group will only plunge us into greater depths of want. Their system completely failed in Australia and New Zealand. How could the system be successful in Canada?" he asked.

He then pointed to the extreme need felt by a number of Canadian families. But, on the other hand, no one has yet died of hunger in Canada and Canada should be thankful to the Divine Providence for this.

BAZAAR WAS SUCCESSFUL

Large Crowds at Tea and Sale, Supper and Social Evening of Catholic Ladies

The afternoon tea and sale, the supper and the social evening, which were the principal features of the annual Catholic bazaar yesterday, were all well attended with large crowds thronging the school hall throughout the proceedings of afternoon and evening. The principal attraction at the social in the evening was the drawing of grand and booth prizes in which keen interest was taken. Among those who assisted at the bazaar was Mrs. J. Arthur Smith at the candy booth. The whole bazaar effort was an outstanding success. About 150 persons enjoyed the supper.

Winners in the raffles were as follows:

- Grand Prizes**
- First Prize—No. 1021, Emma Whiffin, 652 Taylor St., city.
- Second Prize—No. 72, Mrs. D. G. Stewart, 400 Fourth Ave. West, city.
- Third Prize—No. 1002, Bob Roberts, c-o Ward Electric.
- Fourth Prize—No. 68, Eddie Mc- (Continued on page three)

MART TONE IS BETTER

Despite Heavy Pounding Yesterday—Federal Reserve Discount Rate Cut

NEW YORK, Oct. 20:—Although practically all issues were hammered down from one to six points yesterday in the heaviest turnover for some weeks, the stock market is assuming a better tone. Not the most important factor is the reduction of the federal reserve discount rate from two and a half to two percent.

The industrial average at closing yesterday was 84.38, down 4.57; rails, 33.96, down 2.43; utilities, 23.24, down .90, and bonds, 40.11, off .30.

To Speak Here

HON. IAN MACKENZIE, M.P.

Hon. Ian Mackenzie, M.P. for Vancouver Centre and former federal cabinet minister, arrived in the city on last night's train from Prince George and will be heard at a public meeting here tonight in the interests of the Liberal party at the forthcoming provincial election. Following the meeting, Mr. Mackenzie will sail on the Princess Adelaide tonight for Ocean Falls where he will address a meeting tomorrow night, continuing to Vancouver on the same vessel. The well known federal member, who spoke at Prince George before coming here, reports that the victory of H. G. Perry, Liberal candidate, in Fort George riding is assured, the only question being the size of his majority. That is the riding in which R. W. Alward, former Talmie supporter, is seeking re-election as an Independent Non-Partizan.

DIED IN HUNTING

Heart Attack Proves Fatal to Col. Harbottle, Well Known Officer In Great War

TORONTO, Oct. 20: (CP)—Col. Colin Clark Harbottle, who commanded the Seventy-Fifth Battalion in France during the Great War and was attached to the Sixty-Seventh Battalion of Victoria at the beginning of the conflict, died yesterday from heart failure while hunting in the woods near Beaumaris, Muskoka.

RAILWAY TO PEACE

Judge Robertson Gives Address to Rotary Club on Part of Country Which He Visits Regularly

"I feel that the days of the steam railway are numbered and that probably the electric railway will take its place. In view of that there are tremendous waterpowers in the Peace River area which would be available for a railway connecting the Peace River country with the present C. N. R." That was a striking statement made by Judge H. A. Robertson of Prince George in an address to the Rotary Club at its luncheon yesterday.

The judge stated that in the Peace Canyon there was a 240-foot fall in the length of the canyon which it would be easy to dam. There was coal there also in plenty, he power could be used to work the mines and the railway.

The speaker outlined the present railway situation, stating that there was a huge area north of the Peace River which must have railway communication soon. So far the line had been carried only as far as Fairview. Beyond that there was a tract 550 miles in length and forty or more miles wide which must be served. Also in the Peace River Block there was an area of about two million acres suitable for cultivation. All this country could best be served by a railway either through the Pine River Pass or the Peace River Pass, preferably the latter. Near Finlay Forks were mineral deposits that would provide railway tonnage and very high class coal at Peace River Canyon. The Inceinka mines were also only 100 miles from the Forks.

The Judge expressed himself as opposed to building another trunk line to Stewart but thought the country would be better served by branch lines to connect with the road already established. He suggested that what was needed was to finish the P. G. E. which was the shortest route into the grain country.

The visitor then gave a very interesting and graphic description of a trip down the series of streams by canoe from Summit Lake to the Peace River, which was much enjoyed by the members and for which he was thanked at the close by President John Dybhavn.

Funeral Notice

The funeral of the late A. J. Wilds will take place Sunday afternoon at 2:30 from the Chapel of the B. C. Undertakers.

President Roosevelt Is In Correspondence With Head of Soviet

Secretary of State Says He Must Check Over Latest Reports Before Being Able to Make Statement

MOSCOW, Russia, Oct. 20: (CP)—Unconfirmed reports which were circulated here today said that President Franklin D. Roosevelt of the United States had made direct overtures to President Joseph Stalin of the Soviet Republic looking toward recognition with a view to developing trade between the two countries.

WASHINGTON, D.C., Oct. 20: (CP)—Secretary of State Cordell Hull today refused to deny or confirm a Moscow report that President Roosevelt had made overtures to President Stalin in regard to recognition. He admitted that correspondence was passing between the two governments but said he "will have to wait until I have checked over latest reports."

Alex Clapperton Named Honorary Vice-President

At a meeting of the St. Andrew's Society last night, the resignation of Alex Clapperton, who is leaving the city, as vice-president was accepted with regret but, in view of Mr. Clapperton's valuable services on behalf of the society over a period of more than twenty years, he was honored by being elected to the honorary vice-presidency.

It was decided to celebrate St. Andrew's Day on November 30 with a supper for which a good program will be arranged, the committee in charge to consist of J. A. Frew, Howard Steen and J. S. Irvine.

Further re-organization of the Society was discussed but this was left over until another meeting to be held following the St. Andrew's Day banquet.

President S. D. Macdonald was in the chair at last night's meeting.

Policy of Trade Isolation For Canada Condemned by Mackenzie King in By-Election Campaign

CAMPBELLTON, N.B., Oct. 20: (CP)—Trade policies which make for isolation tend to produce strife, Rt. Hon. W. L. Mackenzie King, Leader of the Opposition, asserted here last night in an address in which he called upon the electors of Restigouche-Madawaska in the federal by-election to record their disapproval of the government in voting next Monday. No country on earth, he added, had gone as far as Canada in raising tariffs during the period the present government had been in power.

Mr. King declared that the Liberal party stood ready tomorrow to conclude trade agreements with the United States, the countries of South America and any other countries in the world which were willing to trade on fair terms.

COMMITTED FOR TRIAL

On a charge of breaking and entering the premises of the Royal Fish Co. on the local waterfront, John Sinclair was committed for trial by Magistrate McClymont in city police court this morning. He will appear before Judge W. E. Fisher in County Court shortly for election.

TAKE OFF WAGE CUT

Only Dispute Between Railways And Workes is in Regard to Retroaction

Statement Soon

Complete Accord Between Running Trades and Companies is Expected Monday

TORONTO, Oct. 20: (CP)—No official announcement of the settlement of the dispute between representatives of the five railway running trades and the Canadian National and Canadian Pacific Railways will be made before Monday, it is understood here, although the main points of the proposed agreement between all parties have been settled and the only hitch, before a total agreement can be reached, is in connection with the matter of length of period over which the railways will make the lifting of the second ten percent wage cut retroactive.

The unions want the lifting of the cut retroactive to last May but the railways, it is understood, are not willing to give back this half year's decrease although they are willing to give back something provided their pension funds, to which the railways alone contribute, are benefitted out of the "something."

Pete Bulatovich Passes Away

The death of Pete Bulatovich, aged 69, who had been a resident of Prince Rupert for many years, and lived in Westview, occurred yesterday in the Prince Rupert General Hospital where he had been a patient for two weeks. He was a native of Jugo-Slavia. Mrs. Muckovich of this city is a daughter. Another daughter lives in California. Deceased was a Greek Catholic. Mr. Bulatovich, who had been in failing health for about a month, had been a resident of the province since 1908 and followed the occupation of a laborer. Funeral arrangements are in the hands of the B. C. Undertakers.
