

Keep Feet Warm and Head Cool

Heavy winter shoes are necessary to keep the feet dry and warm at this time of year. Unless the soles are substantial, rubbers should be worn.

To insure perfect comfort and health a pair — of —

Leckie's Shoes

fill the bill exactly. They are strong, durable and smart. We carry a large stock and it will be no trouble to fit you. Come in and try a pair.

E. C. Turner of New Westminster last night paid an official visit to the Grand Warden of the Oddfellows' Lodge for British Columbia, arrived in the city from the interior on Thursday night's train and last night paid an official visit to the lodge there.

Government Agent Norman A. Watt left on last night's train for a brief trip to Terrace on official business. He expects to return to the city next Tuesday night.

A Brief Synopsis of Liberal Policy

HEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the well-being of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATULLO.

August, 1933.

1.—Profitable and permanent **Employment** is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An **Economic Council** should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our **Financial** position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.—The **Taxation Structure** must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of **State Health Insurance** should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.—A general and effective review must be made of the **Educational** problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our **Municipalities** is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our **Agricultural Lands** in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.—Continuous effort should be put forth to assist industry in **Marketing** its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a **Highway Board** should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10.—A **Public Utilities Commission** should be established.

11.—A **National Central Bank** should be established.

12.—**Social Services**, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—The **Peace River** must be given access to the Coast.

14.—In order that the utmost **Freedom of Action by Members of the Legislature** may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given **Equality of Treatment with the Other Provinces** of the Dominion.

16.—There shall be a permanent **Voters' List** to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

WATERFRONT WHIFFS

Halibut Fishing Season Closes—Namu Cannery Finally Closes Down—Whaling Season Successful

While midnight this Thursday marked the closing of legal fishing for halibut in North Pacific treaty waters, it is expected that it will be a week or ten days yet before the final catches of the year will have been landed by all the larger vessels of the fleet operating in the distant banks of Area No. 3. Not a great many more catches are expected at Prince Rupert, however, the relief being that the most of the large Seattle boats will run direct to the home port with their catches without stopping in the north to offer them for sale.

Landings continued to drop off at Prince Rupert during the past week, only 221,000 pounds being brought in by ten boats including the 25,000 catch of one Canadian vessel, the Lysekil for which she received 7.8c and 5c. The nine American vessels which sold 196,000 pounds received prices ranging from 8c and 6c, which was paid the Anna J. and Grant for catches of 3,900 and 40,000 pounds respectively, to 10c and 7c received by the Coolidge Sentinel and Yukon for 11,000, 23,000 and 20,000 pounds respectively.

For the season up to and including yesterday landings at Prince Rupert had reached a total of 12,324,000 pounds as compared with 14,286,350 pounds last year. This year's American landings stood at 7,163,000 pounds as against 10,149,100 pounds last year while the Canadian aggregate for 1933 was 5,163,000 pounds in comparison with 4,137,250 pounds last year.

The B. C. Packers salmon cannery at Namu in the central area, after continuing operations for several weeks after other canneries in Prince Rupert district closed down for the season, ceased packing operations during the past week. It had been running on chum salmon from the Bella Bella, Rivers Inlet and Queen Charlotte Island seining areas. Fishing in the Rivers Inlet area was closed on October 13 and in Bella Bella on October 29. Seining is still being permitted on the Queen Charlotte Islands where salmon salteries are operating at Jedway and Houston Inlet.

In 1930 there was a total catch of 319 whales, but six boats were operating and the season lasted over four months. In 1929 the total catch amounted to 406 whales. When the whalers left this year it was figured if the catch amounted to 300 whales the season would be a satisfactory one.

Ted Smith sailed last night on the Princess Adelaide for Vancouver enroute to Calgary where he will resume his engineering studies at technical school.

The Gammon & Watt seineboat Zenardi, Capt. R. Gammon, is due to return to Prince Rupert today after having been engaged for several weeks in packing chum salmon from the Queen Charlotte Islands to Namu cannery.

Ease Pain, Headache in Few Minutes

For Quick Relief Say ASPIRIN—When You Buy

Now comes amazingly quick relief from headaches, rheumatism, neuralgia, neuritis, neuralgia, etc. Aspirin is the fastest safe relief. It is said, get discovered.

These results are due to a scientific discovery by which an Aspirin Tablet begins to dissolve, or disintegrate, in the amazing space of two seconds after touching moisture. And hence to start "taking hold" of pain a few minutes after taking.

The illustration of the glass, here, tells the story. An Aspirin Tablet starts to disintegrate almost instantly you swallow it. And this is ready to go to work almost instantly.

When you buy, though, be on guard against substitutes. To be sure you get ASPIRIN'S quick relief, be sure the name Bayer is in the form of a cross is on every tablet of Aspirin.
