DECORATION DAY

Another Decoration Day comes round and returned tion of children of 16 years and men, their friends and relatives will once more unite with the Imperial Order of the Daughters of the Empire in commemorating in a simple and impressive service the sacrifices of those who were not asked to make the great Free education has been arrived at sacrifice during the war but who since that time have only after years of struggle and to joined their former comrades. "Their names live for ever- remove it this way is to incur a ser-

There is no organization more fitted to speak with authority than the veteran organizations when the ques- 82% of the present enrolment of tion of world wide peace comes up. They know of the terrible sacrifices war demands, of the great hopes that they had when last they offered themselves nineteen years ago in the hope that they were making another war impossible. They are still determined that wars shall be no more.

This is the paramount thought that animates them as once again they pay tribute to their comrades who have passed on. The flowers are emblematic of the fresh consecration of their lives to humanity.

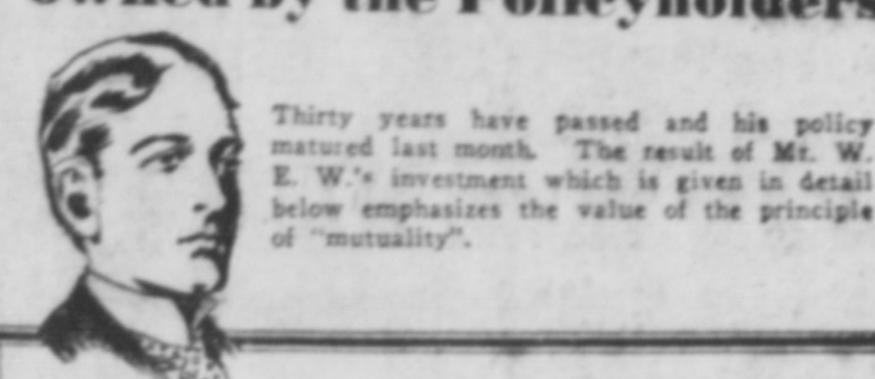

ASSELSTINE'S NOMINATION

The nomination of W. J. Asselstine in Atlin constituency will doubtless prove a popular one. He is well known and is a fitting representative for a mining district. For years he has been in the employ of the Premier Company and prior to that had extensive mining experience in other parts of the world.

H. F. Kergin, the present member for the riding, has proved an excellent representative and many people will regret his retirement. He has been very keen in looking after the interests of his constituents and as Liberal whip was looked upon at Victoria as a valuable member.

LITTLE STORIES OF BIG RESULTS

The Entire Earnings of the Mutual Life of Canada are owned by the Policyholders

Policy No. 52,093-\$1,000 Endowment in 30 years (Issued in 1903-Annual Premium \$31.30)

Mr. W. Paid to the Mutual Life:

30 Annual Premiums of \$31.30 ____ \$939.00

Less Dividends (including Special Extra 1928 Dividend \$416.18

Net Amount Paid by Mr. W. \$522.82

Face Value of Policy Paid in Cash . \$1000.00

Gain to Policyholder \$477.18

The average premium paid under this "Partici-

pating-in-profits" policy for the 30 years was only

\$17.43, which compares with \$26.65 under a "non-participating" policy which does not return profits to the policyholder.

This outstanding result is one reason why so many people choose a "participating-in-profits" policy in the Mutual Life of Canada when they insure. You, too, can become a policyholder in this suc-cessful and sound Canadian company. Mail the coupon below for further information regarding the Mutual Life and its policies.
