LET US DO OUR BIT

There are in and around Prince Rupert a number of people who are unable through stress of circumstances to properly clothe themselves, their wives and their children. This is very unfortunate both for the people who are suffering and for the good name of the city. It is a condition that should not be tolerated.

One way of helping to right the condition temporarily is for those who have used clothes which they do not require to send them to one of the Gyro collecting depots—Ormes Drug Store, Gordon's Hardware or Q. & S. Grocery. These will be distributed to those who need them as occasion requires.

The clothes to be collected are for men, women and children and include boots and shoes and any article which can contribute to the comfort of the people at a time like the present. The name of the donor should be written on each bundle and the donation will be acknowledged through this paper.

A NEIGHBORLY GESTURE

An excursion to Ketchikan is being arranged by the railway company for next week providing a sufficient number declare their intention of going. They have set the rate so low that it is almost as cheap to make the trip as to stay at home.

A visit of this kind to the neighboring territory will be a friendly gesture which will help draw the two cities closer together. It is worth the favorable consideration of all those who feel they can afford it. More than that it should prove to be a splendid holiday.

It will be Fonseca's third year as pilot of the White Sox and his new contract, it is understood, provides for a salary of $18,000.
