# Strong Shoes FOR BAD WEATHER

The season when bad weather may be expected has arrived and young and old need boots and shoes suited to the occasion. We have been preparing for the fall and have been laying in a stock of Leckies' and other makes of shoes which

will resist rain, sleet or slush and keep the feet dry, thus avoiding unnecessary colds.

The surprising thing about these shoes is the price. They were purchased in quantities at low rates and we are taking a very small margin of profit so the price to the public is far below anything hitherto offered for fall and winter wear.

Come in and Look Them Over and Compare Prices.

Halibut Landings Still Holding Up-Work Progressing on Ice Plant-Trolling on Islands Still

Four Canadian vessels—Capella, Lysekil, Prosperity A. and White Hope-landed catches totalling 69,500 pounds from the distant halibut fishing grounds of Area No. 3 at the port of Prince Rupert during the week ending yesterday. Another Canadian boat, the Margaret I, was also in yesterday with a catch of 20,000 pounds but refused a price of 5.5c and 4c, accepting, however,

brought the season's catch for 1933 week southbound. up to yesterday to 5,011,00 pounds as compared with a grand total Canadian catch up to a similar date last year of 3,479,750 pounds.
