Magician Saves Life of Indian Boy Yesterday

Due to the presence of mind of Prof. Roy, palmist and fortune teller, an Indian lad was saved from possible drowning at the government wharf yesterday afternoon. The lad slipped and fell from the wharf into the water. Prof. Roy, who was nearby, observed the boy's plight and threw him a line which he grasped to be pulled to safety. He was, apparently, little the worse for his cold ducking.

HIS FUNERAL HELD SUNDAY

Stewart Pays Final Respects to Late Commissioner Joseph Wilson

STEWART, Oct. 12:—One of the largest and most impressive funerals ever held in Stewart took place on Sunday afternoon when Commissioner Joseph H. Wilson was laid at rest. The funeral service was held at St. Mark's Church, Rev. G. H. Moody officiating. The church was packed to the doors and over a hundred people stood outside during the service.

In his funeral address Rev. Mr. Moody spoke feelingly of the unselfish service for the community performed by the late Mr. Wilson in many different capacities. Mr. Wilson was a member of the school board and a commissioner of the village of Stewart at the time of his death. For many years previously he had been the secretary of the Stewart General Hospital Association and, in other capacities, had served this community.

A profusion of floral tributes bore added testimony to the high place Mr. Wilson had held in the respect and affections of the district. Besides Stewart, the communities of Premier and Hyder, B.C. and Hyder, Alaska, were well represented.

Pallbearers were W. R. Tooth, chairman of the municipal council; Commissioner W. L. Newell, P. S. Jack, secretary of the School Board; Clyde Hagar, Secretary, Pioneers of Alaska, Hyder Branch; H. P. Gibson and O. J. Hutchings.

Is Committed For Trial in Interior

Frank Miller Alleged to Have Come Into Possession of $200 By Illegal Means

On a charge of obtaining possession of $200 illegally from F. H. Gleeson, Frank Miller has been committed for trial by Stipendiary Magistrate G. H. Milburn at Prince George and will be appearing shortly in County Court there before Judge H. A. Robertson for election.

Gleeson, who lives at Dome Creek, had paid a visit to Prince George and had drawn $200 from the bank in that city. While on his way home accompanied by Miller, Gleeson lost the money, reporting the loss to the police. Miller stayed for two days with Gleeson at Dome Creek and then went back to Prince George and entered hospital. In Miller's clothes was found $200, the numbers on the bills, according to the police, being found to check up with the money Gleeson had drawn from the bank. Miller's arrest and committal for trial followed, according to report received at divisional headquarters of the provincial police here.

SPORT CHAT

There is no better fishing country than Canada, believes Mrs. J. D. Abbott, well known English sportswoman who has fished and hunted in many countries. She sailed from Quebec recently for her home in London with four fine souvenirs of her first fishing trip to this country. They were all square-tailed speckled trout, the largest specimen weighing eight pounds one ounce, and were mounted in special cases which Mrs. Abbott had set up in her stateroom on the liner. "They were caught in the Nipigon district," she said. Next year she hopes to come back and do some more fishing in Canada.

With all branches of local sporting activity quiet as usual at this time, customary interest was displayed last week by Prince Rupert baseball followers in the World Series between the New York Giants, pennant winners of the National League, and Washington Senators, champions of the American League. It is some years since either the Giants or the Senators have been in a World Series and neither of them were favored at the outset of the 1933 season to finish on top. Consequently, there was a good deal of speculation as to the outcome of this year's Series and much difference of opinion. Some felt that the pitching staff which contributed so much to the feat of the Giants in winning the pennant, would see them through to the world's title. On the other hand, some felt that the Senators probably had the strongest all round baseball organization when all departments of the game—particularly batting—were taken into consideration. On the whole, it was apparent that the Series this year would not be the cinch it was last season when the New York Yankees conquered the Chicago Cubs in four straight games. In this year's Series the Giants showed themselves to be decidedly the most effective batsmen.
