## Corn Flakes

TODAY'S Kellogg's are the best value ever offered in corn flakes. Behind them is 25 years' experience. Behind them are the most modern cereal plants in the world, and an organization of loyal expert workers, thousands strong.

Every package of Kellogg's Corn Flakes is guaranteed by W. K. Kellogg: "If you do not think them the most delicious and the freshest flakes you ever ate, return the empty package and we will refund your money."

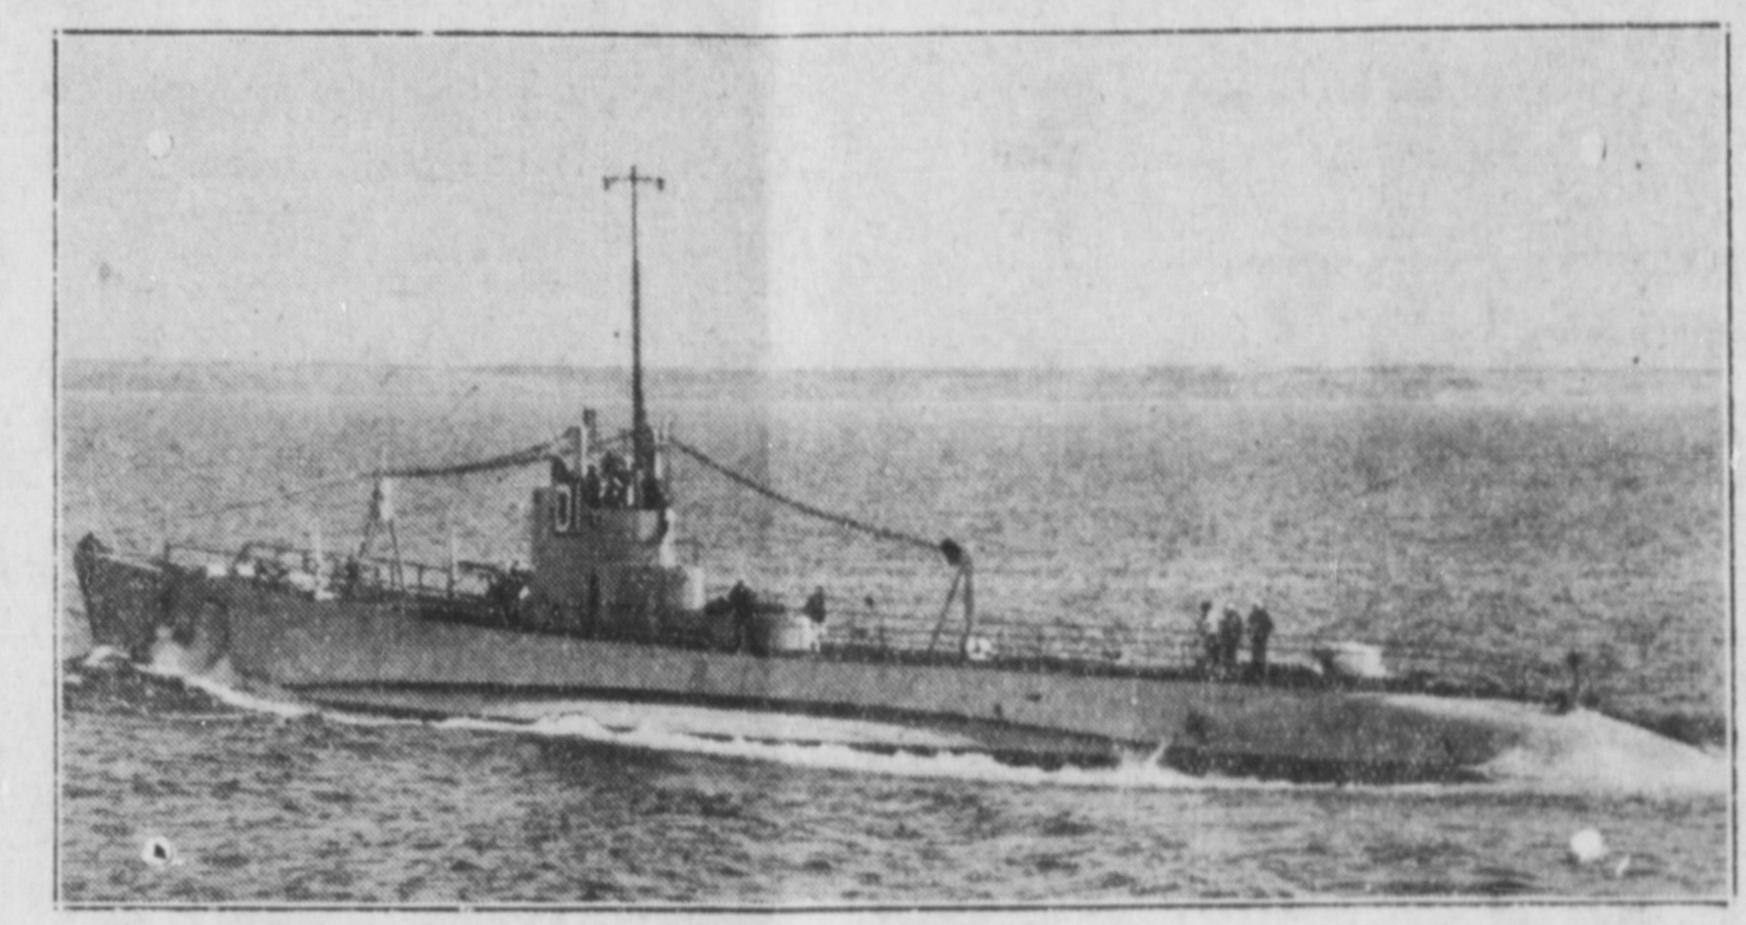

Compare Kellogg's. Even the fresh aroma tells a story. And just taste the flavor and crispness.

Always oven-fresh. Kellogg's are protected by a special inside WAXTITE bag which is sealed top and bottom. A patented Kellogg feature.

Insist on the red-and-green package at your grocer's. Substitutes for Kellogg's are seldom offered in a spirit of service. Made by Kellogg in London, Ont.
