### WILL GOLD DO IT?

Many people are beginning to wonder if gold will be the means or bringing back prosperity to Canada. In almost every part of the country there is mining activity and this is gradually increasing. The unemployment situation is being relieved very considerably by the requirements of help in the goldfields.

Even in this district gold is king at the present time. Gold mines are being operated in a small way and there is every indication that there will be extensions of these operations. Every new operation employs men, uses supplies, this season by the Boston Braves, recewing acquaintances and exencourages transportation and causes the wheels of trade to start to move. While the price of \$600 given in the article is probably too low, it is possible that for something less than \$2,000 an individual mill could be secured that could be operated by the small prospector or miner, could be paid for out of the proceeds of the operation and would enable prospects to be developed into mines without enlisting the aid of the big capitalist.

### Ashamed of a Friend?

(By Capt. K. A. Loewen, Salvation Army)

Jesus, descendant of a royal family, born at Bethlehem, when forty days old, was taken to the Temple in Jerusalem as was the custom in that day. Soon after that, He was taken to Egypt to escape being killed at Herod's command but, when a new king was again on the throne, He returned with His parents to the Nazareth home. There He lived for thirty years and increased in wis-#\_\_\_

# Meeting is Held

Last Night Decided to Hold Dance

The Prince Rupert Basketball Association held an executive meeting last night in the City Hall.

It was decided to hold a benefit dance for injured players on May 12 and committees were appointed to take charge of the affair.

The probability of a girls' basketball team going to Anyox was also discussed and was left in the hands of the secretary.

### Little Mutual Stories of Big Results

Policyholder Receives 83.40 For Every \$1.00 Invested

THE entire earnings of the Mutual Life of Canada are owned by the policyholders. The result of Policy No. 4,606 given below emphasizes the value of this principle of "mutuality".

Policy No. 4,606-10 Payment Life-Issued in 1879 (\$1,000 Payable at Death)

THIS POLICYHOLDER PAID THE MUTUAL LIFE 10 Annual Premiums of \$41.88

THE MUTUAL LIFE HAS PAID HIM In Dividends

His policy is now worth in Cash \$883,90 \$1,426.75 Policyholder has \$1,007.95 more than he paid in.

IN ADDITION He has had insurance protection for 54 years.

The cash value will increase each year and he will receive a cheque annually for his share of the earnings of the Company. If he had taken a similar policy on a "without profits" or "non-participating" plan at the lowest known rate it would have cost him \$365.50 (no dividends payable), while under the Mutual Life of Canada "with profits" plan he actually received back \$124.05 more than he paid in premiums.
