

Almost Instant Relief From Neuralgia

For Quick Relief Say ASPIRIN When You Buy

Now comes amazingly quick relief from headaches, rheumatism, neuralgia, neuralgia... the fastest safe relief, it is said, yet discovered. These results are due to a scientific discovery by which an Aspirin Tablet begins to dissolve, or disintegrate, in the amazing space of two seconds after touching moisture, and hence to start "taking hold" of pain a few minutes after taking. The illustration of the glass, here, tells the story. An Aspirin Tablet starts to disintegrate almost instantly as you swallow it. And thus is ready to work almost instantly. When you buy, though, be on guard against substitutes. To be sure you get ASPIRIN'S quick relief, be sure the name Bayer is in the form of a cross is on every tablet of Aspirin.
