Population of Canada Will Decrease Unless Something is Done

MONTREAL, May 3: (CP)-A prediction that in 1940 the population of Canada will be stationary and in 1950 it will be less than 10,000,000 if the present death rate of mothers is not checked was made by Dr. Stephen Langevin, professor of obstetrics of the University of Montreal, in addressing a local service

"We must take into consideration that a birth rate of 16.7 is necessary to maintain a stationary population with the present life expectation of about 60 years," he explained. "If the present downward trend continues, therefore, it is only 500 a matter of a few years until the in number of daughters will be only sufficient to replace the mothers of the present day when they reach 3.00 middle age. The proportionate causes of puerperal death are: infection 40%, intoxication 27%, hemlivery 10%.

"Eleven percent of the remaining are due to what we call the accidents of pregnancy and certain illdefined causes. There is also the danger of morbidity in 10% of the cases."

Dr. Langevin offered as suggestions for reducing such mortality and morbidity more hours of teaching obstetrics in universities: more post graduate facilities for physicians; more maternal beds available in every hospital, more trained nurses or midwives for cities and rural districts and a public educa-

White Sox Slugging Trio in Battle Array

WHITE SOX SLUGGING TRIO IN BATTLE ARRAY

When Co. ny Mack sold Al Simmons, Jimmy Dykes and Mule Haas to the Chicago White Sox he converted that club into a potential winner. Simmons, who was largely instrumental in carrying the Athletics to the baseball heights in his several years' con nection with that outfit, is beginning where he left off with the Windy City club. Early averages show that he is leading the American League in almost every department. Haas and Dykes are also doing very well. The husky club swingers are here giving the 1933 version of the "spirit of "76." At the left is Dykes, centre, Simmons, and right, Haas. Their team is now tied for thid place, one game behind first.

Nearly Share First Place Honors Wish Washington Senators

DETROIT, May 3: (Canadian Press)-Nosed out by the Detroit Tigers here yesterday, New York almost dropped into a tie with the idle Washington Senators for the leadership of the American League The St. Louis Browns had a close victory over the Boston Red Sox at St. Louis, the deadlock between the two teams for cellar position thus being broken.

Pittsburg Pirates, although losing a close verdict to the Phillies, still retained their two and a half game lead in the National League over New York Giants who were ignominously shut-out by the Chicago Cubs. The victory gave the Cubs a tie for third place with the Brooklyn Dodgers who lost to the St. Louis Cardinals at Ebbets Field, the Boston Braves dropping into fifth place as a result of their close defeat at the hands of the Cincinnati

Yesterday's Big League scores: National League Chicago II, New York 0. St. Louis 13, Brooklyn 4. Cincinnati 2, Boston 1. Pittsburg 5, Philadelphia 6. American League New York 2, Detroit 3. Boston 1, St. Louis 2,
