DAILY EDITION Tuesday, Nov. 14, 1933

CANADA JOINS IN WORLD RECOVERY

"Just as the momentum of world depression in 1930 carried business to new steadily lower levels, in spite of the efforts in a good many countries to prevent a further slackening in business, so, at the present time there is a momentum of world improvement that is a factor to be reckoned with," says Donald M. Marvin, economist, who in his monthly letter, written for the Royal Bank of Canada, carries a note of cheerful optimism to all people. He says in part:

"The upturn in business has become general throughout the world. The extent of the improvement in Great Britain, the United States, France and Latin America will be discussed in detail. In Japan, war activities and absolute inflation have produced extraordinary activity in business. In addition to the improvement which has taken place in the countries mentioned, a recent report of the League of Nations lists an upturn in the trade of Sweden, Italy, Austria, Belgium, Czechoslovakia and Poland. In fact, there is no country of major importance in which this new trend is not a factor. Well to the fore in this general upward movement will be found the countries constituting the British Commonwealth of Nations, and certainly there is no other group of countries which is closer to pre-depression volume of production and consumption. Throughout the world, production is increasing, prices for the principal commodities are higher and unemployment has begun to decrease."

Mr. Marvin then goes on to tell of the improvement in Great Britain and in the Eastern Maritime Provinces of Canada, showing in detail where the improvements lie. The whole letter is most inspiring and cheering to those who have feared that the slight lagging back in certain countries and localities meant a general setback.

CITY FINANCIAL STATEMENT

Elsewhere in this paper appears a statement of city receipts and expenditures under general account for the month of October. If the public indicates a desire for same, it is the intention of the city authorities to have such a statement for each month published regularly henceforth. To many the statement should prove of much interest.

When Good Smokers

Get Together

You'll find Ogden's Cut Plug an important part of the picture. Men who know their smokes will tell you that Ogden's Cut Plug is good...a mellow, fragrant tobacco that makes any pipe more friendly, more companionable.

Why not let it speak for itself in YOUR pipe? Then you'll know you've found a better and more satisfying smoke.

OGDEN'S CUT PLUG

If you "roll your own", use Ogden's fine cut cigarette tobacco and Chantecler cigarette papers.

Father John Hammond O.M.I., parish priest of the Roman Catholic Church at Anyox, arrived in the city on the Catala this morning from the smelter town for a brief visit here. Father Murie, who has been relieving at Anyox during the recent absence of Father Hammond who was receiving medical treatment in hospital at Victoria, returned to the city on the Catala today.

WHIFFLETS From the Waterfront

Dr. Neal Carter of the Nanaimo Biological Station, who is to succeed D. B. Finn, transferred to take charge of the Halifax station, as director of the Prince Rupert Fisheries Experimental Station, is due to arrive in the city on the Princess Adelaide on Friday afternoon of this week to enter upon his new duties here. Mr. Finn will be leaving next month for Cambridge University in England where he will spend a few months engaged in special work before assuming his duties next spring at Halifax.

Two Alberta Men Lose Lives When Thin Ice Breaks

WABAMUN, Alberta, November 14 (Canadian Press)--Louis Sparks, aged 25, and his brother, Fred, aged 22, were drowned Sunday night when they crashed through the ice where they were skating.

Today's Weather

Prince Rupert—Cloudy, calm; barometer, 30.30; temperature, 50; sea smooth.

Dead Tree Point—Part cloudy, fresh southeast wind; barometer, 30.12; temperature, 48; heavy chop.

Triple Island—Part cloudy, light southerly wind; sea smooth.

Langara Island—Overcast, calm; sea moderate.

Terrace—Foggy, calm, 49.

Hazelton—Fog, calm, 48.

Smithers—Cloudy, calm, mild.

Burns Lake—Bright, calm, 40.

Man in the Moon

Good afternoon! Have you made a cabinet for Premier Pattullo?

Some of the papers in the south are persistently guessing Asselstine for minister of mines and Manson or Perry for speaker.

In the words of the old song, "Nobody knows but T.D." Tomorrow will probably tell the tale.

At last the report of the banking commission is out and the people of the country are doubtless relieved to know that they are to be allowed to purchase stock in a new central bank if the Bennett government carries out its recommendations.

All eyes seem to be on the young Adolf Hitler when they have time to shift them for a few minutes from Russia and Japan.

In Germany the people voted as they were told, the newspapers printed what they were told and the world is now trying to believe what it is told. The Germans are a versatile people, don't you think?

Jake says he was looking through his Bible the other day when he came across the text: "The Lord loveth a cheerful loser." He cut it out and pasted it in his hat so that he would not forget it.

It's easy to smile
Without any guile
When things are coming your way
But the man I like best
Is the man who with zest
When beaten says a smiling "good day."

According to the southern papers the first official act of the new premier-elect was to kick off the ball in the annual football match between the Canadian Scottish and Fifth Brigade at Victoria on Remembrance Day. It's not a bad idea to start with a kick. There may be more kicking to do before the year is much older.
