No Disarmament Dealings Unless This is Given, Says Nazi Chieftain-Advises Other Nations to "Mind Own Business"

BERLIN, Nov. 14:-"Peace with honor and equality" was demanded by Chancellor Adolf Hitler in an address before a large audience of factory workers at the outkirts of Berlin. "Germany must have equal rights with ther nations or else there will be no disarmament conference as far as this country is concerned," declared the

Ffiery Nazi chieftain in denouncing the tactics of the former Allied nations in insisting on arming themselves while refusing Germany the right to do likewise. Germany was as much menaced as any other ountry by lack of equality, he declared. "There are some statesmen of Weather Over in Europe who would be well-adlick-End-Damage Dore At

Deadly Air Weapon Defeats British Navy

The British Admiralty has just released this rare illustration of an incident of the recent British fleet manoeuvres in the North Sea. One of John Bull's new battle wagons of the air, a Blackburn Ripon torpedo carrier, was snapped as it rose into the air, bound on its mission of "destruction." It was commissioned to "attack" a hostile fleet, that was steaming one hundred miles away. In the foreground is seen the cruiser Leander, and in the background, the home fleet with its flanking destroyers, following up the first attack of the fleet's right arm.
