A gold medal for the best athletic

achievement of the past year and

national fame, has fallen to the

lot of the young Swedish wrestler

Ivar Johansson, who won two of

Sweden's eight Olympic gold medals

in Los Angeles last summer. The

medal is given by the leading

pronounced to be a glaringly unfair

verdict. All the members of the

Swedish group were discouraged

and grumbled against what they

considered to be a down right in-

never protests or loses his nerve.

Several urged that he should be

TREATY WITH UNITED STATES

Both Liberals and Conservatives seem to be agreed that a trade treaty with the United States providing for a freer interchange of a number of commodities would be a distinct advantage to the people of this country and doubtless again held in the C. A. Hall, Capt. would also benefit our neighbors.

THE COMING SESSION

The Legislature opens its final session tomorrow and the proceedings will be watched with great interest. Much speculation has been taking place as to what will be done but it is probable even the Premier does not yet know. Every step taken will be with a view to the election which will take place soon. The great critical public will be always in sight and it is possible this will give the legislators a spirit of independence quite different from the ordinary attitude on public questions.

Proposal to Bring C. N. R. Hoop Team to Prince Rupert For Series of Games

An effort is being made to arrange for a visit of the Vancouver Canadian National basketball team to Pfince Rupert to play against the local railway boys. The matter was discussed by the local C. N. R. Athletic Association at an executive meeting Monday night and a committee was then appointed to investigate the possibilities.

The local team is confident that if the visitors come they will be given a series of games that will try their mettle but the expense involved is considerable and there is always the difficulty about the players being able to leave home for a week or more.

. The local C. N. E. team were champions of the city league last year and they have more than a fighting chance of winning this year. The move to match them against a team from the south will doubtless receive general sup-
