Be Sensible about the FLU

With every epidemic of influenza comes an epidemic of advice. But if you have the flu—or you even suspect its presence—there's just one thing to do. Call a doctor immediately.

There are, however, some simple, sensible precautions that everyone should take at this time. Try to keep in good physical condition. Guard against colds or sore throat by avoiding contact with all coughers and sneezers. The germs of disease will often fasten upon the man or woman whose vitality has been lowered by a severe cold.

If you should catch a cold, Aspirin will help you to fight it. Keep a supply of these tablets in the house and take them according to directions at the first sign of any cold. Crush three Aspirin tablets in about half a glass of water and gargle as directed, if there is any soreness of the throat.

Be sure to use the genuine Aspirin tablets; they are of proven efficacy.

Above all, don't delay calling your doctor if you have reason to suspect that you have caught the flu.

MOVING OF MUCH GOLD

Bigger Deal Than British War Debt Payment Recalled

MONTREAL, Jan. 10: (Canadian Press)—Britain's debt to the United States, $95,500,000, may seem a lot of money to change hands at one time, and it is, but there are men in this city who can remember a bigger gold movement than that, and a longer one too.

It was during the early years of the war, according to J. R. Martin, manager of the foreign department of the Canadian Express. The then Dominion Express was given an order to move $96,000,000 from Vancouver to the Royal Mint vaults at Ottawa. There were 13 cars on the bullion train, nine of them held gold and four guards each. The others were supply cars, carrying relief guards, and officials. The whole trip was made in 90 hours, with stops only to change engines.

The train was given precedence over everything else on the Canadian Pacific Railway and stops were made only to change engines. With men riding on the cow-catcher, armed with sawed-off shot-guns and revolvers, it was probably this train that started the rumor that a Russian army corps had been transported across the Dominion.

There were succeeding heavy gold shipments, one of $68,000,000, and many ranging between $10,000,000 and $20,000,000. All told during the war something between $1,250,000,000 and $1,500,000,000, was moved, Mr. Martin said.
