VISION IN POLITICS

Former Minister of Public Works Fancies There May be Government of Independents or Coalition

VICTORIA, Aug. 5:—British Columbia may yet see a "government of independents," according to R. W. Bruhn, formerly minister of public works in the Tolmie government who recently resigned and who now declares he will run as an independent.

Mr. Bruhn declared last night that an alternative would be a coalition of Liberals and Conservatives under T. D. Pattullo.

TERRACE IN MIDST OF HARVEST OF STRAWBERRIES; CROP IS NORMAL; GENERAL FARM GROWTH IS GOOD.

(Continued from page one)

present, the local farmers are also in the midst of their haymaking just now and, except for a shower late Tuesday afternoon, weather during the past week has been most auspicious for this most important work. The hay crop is now about half in and it looks like settled weather will favor getting in the rest. The hot sun of late has helped in drying out the hay cocks.

In addition to strawberries, the other small fruits are coming along well. Picking of red and black currants has started during the past few days. Queen Anne cherries are also being picked and the bings will be moving soon.

As for apples, there will be few Yellow Transparents, popular saucemakers, this year owing to the cold, wet spring and lack of pollination but early indications are that the crop of the later varieties of Gravensteins and Wealthies may be normal or nearly so.

Vegetable and field crops, although also late, appear to be coming along nicely now. Potato fields will soon be in full blossom.

INDIANS AT REGINA

REGINA, Aug. 5: (CP)—Contingents of more than 1,000 Indians from all parts of Saskatchewan and more from the Dakotas are visitors to the World Grain Exhibition here. The bands have erected tepees and settled in a huge camping ground adjacent to the exhibition. One group of 100 is camped inside the show grounds.

POLITICAL SITUATION

Interest in Campaign Increases Since Dissolution of Legislature and Certaintly of Election

VICTORIA, Aug. 5—With the dissolution of the Legislature and the practical certainty that the election will be held in October or November, probably November 9, interest in the political situation has increased during the past week.

The number of candidates now has reached 90 with the probability of twenty or thirty more before long. The nomination of A. M. Manson by the Liberals of Omineca is considered a certainty and there is also strong backing for Sam Cocker the local candidate. The candidature of Mayor Taylor of Vancouver is not considered very seriously. He may get some Liberal and Conservative votes.

The entry of A. D. Maclean as an independent Liberal in Vancouver complicates matters a little there. Mr. Maclean was returning officer there in 1925.

G. G. McGeer is expected to be a Liberal candidate in Vancouver.

Dr. Allan Harris, Liberal candidate for South Okanagan who is opposing J. W. Jones, was denied the right to teach at the U. B. C. Summer School because of the ruling that professors must not be politicians. He is a keen young man and will put up a good fight.

The Liberal list of candidates includes five merchants, one mine manager, two journalists, one surveyor, six farmers, three physicians, five lawyers, three insurance agents, two garage proprietors, one lumberman, one dentist, one retired, one druggist, one railroad engineer, one professor, and one financial agent.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

PACIFIC

Pierre LeRoss jr. returned to Pacific on Monday after having spent three weeks at Remo where he was engaged in berry picking.

Mr. Griffiths, youthful Pacific school teacher, made an exceptionally good showing with three pupils he sent up to the recent High School entrance examinations. These successful students were Ada Sherwood, who was one of the few in the province to attain over 500 marks in the aggregate, Alice Disher, who was also well up in the list, and Betty LeRoss, who had a comfortable margin although she had been unable to attend school for the greater part of the year on account of illness. The three girls will continue their first year High School studies at the local public school under Mr. Griffiths' direction.

SEDITIOUS MOVEMENT

President of Cuba Threatens to Suspend Constitution If Strike Not Ended at Once

HAVANA, Aug. 4:—President Machado signed an edict today describing the transportation strike, which now threatens the regular sources of food supplies, as a "seditious movement." He threatened to suspend the constitutional guarantees again and declare martial law and a state of war unless the strike was brought to a quick end.

Man in the Moon

Good afternoon. Are you ready for Sunday?

People are wondering what has happened to the elusive sockeye this season.

Jake says he belongs to the same tribe. Once he hit a man a bang in the optic and since that he has been known as a sockeye.

Finest of all the fish
That swim in the Skeena;
Why are you not on my dish?
Why have I not seen y'a?

Premier Tolmie seems to be keeping the people guessing. Jake says his main idea is to draw a few more checks before he gets a permanent check.

Somebody should get out a volume entitled "Who's Who in the Political World." The difficulty would be to classify most of the men who are being nominated for the coming election.

There are the Liberal Independents, the Bowser Independents, the Conservative Independents, the Unionist Independents, the C. C. F. Independents, the United Front Communists and the straight Communists and the straight Liberals and the straight Conservatives and the straight Bowserites and the straight Unionists and any other straight, crooked, independent, twisted, contrary candidate or party that comes along.
