FOR ANY PAIN

Have you ever found any quicker relief than this?

Anyone can take Aspirin, for doctors have declared these tablets perfectly safe.

And there is no quicker form of relief for any pain.

It is well to remember these things when anyone tries to persuade you to try anything in place of these tablets.

Aspirin may be taken as often as there is any need of its comfort: to stop a headache, throw off a cold, drive away the pains from neuralgia, neuritis, rheumatism, lumbago, etc.

Whenever you take Aspirin you know you are going to get immediate results—and you know there will be no ill effects. *You know what you are taking.*

Why take chances on some form of relief which may not be as swift—may not be as safe? The new reduced price on bottles of 100 tablets has removed the last reason for ever experimenting with any substitute for Aspirin!

Aspirin is a trade-mark registered in Canada

complex in regard to their port. It had been so belittled and ridiculed by those whose interest it was to knock that people here had come to a point where they failed to make the most of it. He told of coming into the port as chief engineer of a vessel that was in need of supplies two years ago. The navigating officers were strangers and they had no local charts but they found no difficulty in steaming into the harbor without a pilot.

The speaker gave the lie to suggestions that ship repairs could not be secured as economically here as elsewhere. He once sailed in a ship that was built here and the work done on her was excellent.

Recognizing the position of Prince Rupert, the Home Oil had decided to open a central station here and the clouds of depression which had been hanging over of late were not going to dampen their ardor. One remedy for the present condition was to encourage British Columbia industries. Much was heard of buying American or buying British. He urged buying British Columbian. At a time when farmers could not get enough for their butter to pay the cost of producing it, he had seen on the docks 250,000 cases of New Zealand butter and was told it was marketed in British Columbia. In their butter purchases people should buy British Columbian. Buying outside only increased the local dilemma. He strongly urged that all should buy 100 per cent in B.C.

Mr. Dey, assisted by Ted LePage, the local manager for the company, showed several films illustrating the Home Oil Distributors industry. The refinery built especially for the company by their own engineers was picutred and the methods of handling were and the processes of refining explained. The distributing stations well illustrated and indicated the importance of this industry to the province.

The Home Oil Distributors are broadcasting a program tomorrow night from 9 to 10 boosting the fishing industry of the coast. This will doubtless prove interesting to many if reception is good.

Union steamer Venture, Capt. Ernest Georgeson, arrived in port at 2 o'clock this morning from Vancouver and waypoints and sailed at 4 a.m. on her return south. The vessel's northbound passenger list included a number of members of cannery crews for the Skeena River. The Venture will make one more voyage on the Vancouver-Ocean Falls-Bella Coola-Skeena River-Prince Rupert route before being replaced for the summer by the steamer Cardena.
