Following the decision of the Mine Workers' Union of Canada to call off the Anyox "strike," a number of former employees of the Gias Co. left here last night on the Catala with a view to resuming work at the smelter town.

Having been delayed by having heavy freights to discharge at waypoints, Union steamer Catala, Captain A. E. Dickson, arrived in port at 9 o'clock last night from the south, sailing an hour or so later for Anyox, Stewart and other northern points whence she will return here tomorrow morning and sail at 1:30 p.m. on her return to Vancouver and waypoints.

Having on board a large number of northerners going into Northern British Columbia and the Yukon for the season, C. P. R. steamer Norah, Capt. Albert Rippon, arrived in port at 9:45 this morning from Vancouver and sailed at 12 noon for Skagway and other Alaska points on regular schedule. The vessel had 85 passengers on board. Four persons disembarked here from the vessel while three went north aboard her.

The number of migrant birds going north is steadily increasing. Yesterday among those seen in the city were robins, varied thrushes, whistling thrushes, juncos, song sparrows, white crow sparrows, golden crown sparrows, Townsend's sparrows and blue jays. So far none of the finches or other seed-eating birds seem to have shown up. Last night at about eleven o'clock one resident had four birds strike the window, attracted by the light within. One of the birds, a Townsend's sparrow, was taken inside and examined and then liberated.
