PRINCE RUPERT, B.C., SATURDAY, JULY 22, 1933

PRICE: FIVE CENTS

JIM AND AMY MOLLISON OVER OCEAN
POST PASSES EDMONTON TODAY ON WAY TO NEW YORK

United States World Flyer Had Brief Rest In Alberta Capital

Completed Hop From Fairbanks Successfully During Night—Expects to Reach New York By Midnight Eastern Standard Time

EDMONTON, July 22: (Canadian Press)—Wiley Post, United States round the world flyer, landed here at 6:14 this morning, nine hours and twenty minutes after leaving Fairbanks last night, and took off again for New York at 7:41 a.m. He had a good tail wind as he roared down the runway on the take-off and hoped, on leaving, to be in New York by midnight Eastern Standard Time.

Departing from here he was twenty hours and twenty-six minutes ahead of the Post-Gatty record which he is out to beat.

Post was drenched with rain as he staggered from his plane on arrival here and was holding his aching head in his hands. He seemed lively and cheerful again, however, after a short nap. When asked if he was tired he said "No," but that he still had a bad headache. He took a cup of coffee but nothing to eat. He had two thermos bottles of cold water and some sandwiches in the plane with him.

Over Saskatchewan

HUMBOLDT, Sask., July 22: (Canadian Press)—Wiley Post, United States world flyer, passed here at 10 o'clock this morning enroute to New York.

SILVER AND COPPER ON NEW YORK MARKET

NEW YORK, July 22: (Canadian Press)—Bar silver was down again today on the local metal market, closing at 35 1/2c per ounce. Copper still held steady at 9c per pound.

RELIEF IS CONTINUED

Federal Government Agrees to Carry on Aid For B. C. Municipalities

VICTORIA, July 22: (Canadian Press)—All municipalities of British Columbia which applied to the federal government to have their one-third contributions toward unemployment relief continued have had their applications approved for June and July, according to word received by Reeve William Crouch, president of the Union of British Columbia Municipalities.

In some cases, the federal authorities have agreed to accept the total cost of maintaining relief.

PROSPECTS FOR FAIR

Will Be Impossible Now to Stage Full Exhibition But Flower Show May Be Put On

At last night's abortive annual general meeting of the Northern British Columbia Agricultural and Industrial Association, the suggestion was offered that, instead of holding the annual Prince Rupert Exhibition on the usual scale this year, a flower show and dance with other attractions might possibly be put on next month in the effort to raise funds to clear off outstanding obligations from 1932 as well as with a view to keeping the annual event alive. With the week of August 24 set by the government for the holding of the local Fair, the view was expressed that it was much too late now to start the necessary work preparatory to holding a full exhibition.

The annual meeting called for last night was postponed until next Thursday because there was no quorum. Meantime, an appeal will be made to service clubs and other public or semi-public bodies to lend their support by appointing delegates to attend the postponed annual meeting, the understanding being that such delegates will be willing to serve on the board for the ensuing year if called upon to do so.

There was only a small handful of citizens present at the meeting last night including F. E. Wermig, president of the board, W. D. Vance, managing secretary, Horace Duhamel, T. Ross MacKay, Fred Boulter, S. E. Parker and Miss Florence Parker.

President Roosevelt in Canada

President Roosevelt is greeted personally at Campello by L. P. D. Tilley, premier of New Brunswick, after the president's vacation cruise up the coast. The president has many warm friends in this part of Canada, who knew him for years just as plain Franklin Roosevelt.

BRITISHER WON PRIZE

Young Cadet Woods of Nottingham University Takes Coveted Shooting Award

BISLEY CAMP, England, July 22: (Canadian Press)—Young Cadet Woods of Nottingham University officers training corps today won the King's Prize, classic of the Empire meeting of the National Rifle Association, with a total for the second and third stages of 287 out of a possible 300.

Sergeant Major N. J. McLeod of Toronto was the best of the Canadians with 282 which gave him third place. McLeod won the All Comers' Aggregate, one of the two greatest aggregate events included in major Bisley awards, and was second in the Grand Aggregate.

Mr. and Mrs. Sam Jabour returned to the city from the east on this afternoon's train. They were in Quebec to attend a convention of "star" salesmen of the Sun Life Assurance Co. and also took in the World's Fair at Chicago.

MATTER COMING TO TERRACE SOON

NEW YORK, July 22: (CP)—Backers of James Mattern, United States round the world flyer, whose plane crashed recently in Siberia, announced today that arrangements had been made for Mattern to fly at once from Nome to Terrace to join the Alexander relief expedition's plane. It is not known as yet when Mattern will start but it is expected to be soon.

PLANNING PLATFORM

Unionists Getting Ready for Announcement of Policy at Time of Election and Dissolution

VICTORIA, July 22—When Premier Tolmie, on his return from Regina, announces the dissolution of the Legislature and the date of the election, it is understood he will also announce a new political program, that of the new Unionist party of which he is to be the head and which has two candidates formally in the field. Ever since the appointment of the present minister of labor to the Conservative administration, efforts have been made to work out a party platform that would be considered acceptable to the majority of the people of the province. So far the plans that meet with favor are:

An economic survey of industry with a view to enforcing shorter hours of labor so that more men would be employed.

Reinforcement of the minimum wage laws.

Consolidation of the present labor laws to make them more workable.

Thorough overhauling of the present relief regulations to make them more workable.

Overhaul of the land and settlement laws with a view to inducing people to return to the land.

Another overhaul of the educational laws and regulations.

Institution of mining classes in different parts of the province, particularly of placer schools, plans for which are said to be now ready.

Improvement of existing provincial highways.

It is understood that one of the chief reasons for the Premier visiting Alberta just now is to discuss with readers on the prairies and elsewhere the new policies which are being advocated and particularly the Canadian Co-operative Commonwealth Federation, which is holding a convention in the Saskatchewan capital. While Dr. Tolmie is interested in the big grain show and conference being held at Regina he is more interested in finding ways and means of securing the election of the new Unionist party in British Columbia.

British Flying Couple Leave Old Country for Flight Across Atlantic

Hopped Off From Pendine, Wales, This Morning For New York—Weather Conditions Reasonable But Not Particularly Good

PENDINE, Wales, July 22: (Canadian Press)—Jim and Amy Mollison hopped off from here for New York at 11 o'clock this morning under weather conditions which Jim described as reasonably, but not particularly, good. The intrepid flying pair seek three records—first a Great Britain to New York flight; second, the first two-way aerial crossing of the Atlantic Ocean, and, third, a new non-stop straight line mark in which they intend to fly from New York to Bagdad. The flight is planned to be their "swan song" to long distance flying.

The Mollison plane, the Seafarer, is a veritable flying gas tank, every available inch being made into fuel containers. Amy took only a tube of lipstick along with her.

The plane passed Fastnet Rock at 1:20 p.m.

Lady Willingdon Visits England

Wife of Indian Viceroy Home For Private Stay

LONDON, July 22:—Lady Willingdon, wife of the viceroy and Canada's former governor-general, is making a private visit to England. She arrived by aeroplane from Karachi.

MARKET IS RECOVERING

Wall Street Irregular Today Following Friday's Break—Late Rally in Winnipeg Wheat

NEW YORK, July 22: (Canadian Press)—Stock markets of the continent were fairly orderly today. Wall Street finishing irregular for the day. It was announced during the day that, beginning Monday, the New York Stock Exchange would open at noon until further notice.

After the worst break since 1929, stocks rallied substantially yesterday, reducing extreme losses \$3 to more than \$17 on leading issues. Sales for yesterday amounted to approximately 9,750,000 shares.

TORONTO, July 22:—The Toronto stock market firmed moderately toward the close yesterday after the worst selling had spent itself.

Winnipeg Wheat

WINNIPEG, July 22: (Canadian Press)—Early losses of eleven cents per bushel were overcome by a strong and active rally today and wheat futures closed down from 4 1/4c to 4 1/2c on the day's transactions.

VANCOUVER, July 22: (Canadian Press)—Wheat was quoted at 7 1/4c on the local exchange today.

Dr. Will F. Thomson, chief of the scientific investigation staff of the International Fisheries Commission, sails by the Prince Rupert this evening on his return to Seattle after a brief visit here on official duties.

FINANCES OF FAIR

Deficit Last Year Was \$635—No Civic Grant and Admission Away Down

The financial statement of the Northern British Columbia Agricultural and Industrial Association reveals a deficit of \$635.48 on the holding of the 1932 Prince Rupert Exhibition. Revenue for the year totalled \$2,113.24 while expenditure amounted to \$2,748.72. The deficit can be more than accounted for in the fact that there was no civic grant to the exhibition last year whereas there was \$600 the year before while, largely due to unfavorable weather during the Fair, admissions last year amounted to but \$574.55 last year where as they were \$1,238 in 1931. On the other hand only \$459.75, or but fifty percent of that offered was actually paid prize-winners. Fair Board obligations still outstanding from 1932 include \$200.60 in wages and \$331.67 in tradesmen's accounts. There is a note of \$350 at the bank. Cash on hand amounts to but \$10.76.

Revenue for last year included \$341 in provincial government grant, \$200 in Indian Department grant, \$574.55 in admission receipts, \$177.29 from booths and concessions, \$304.50 in donations, \$15 in entry fees, \$319 in membership fees and \$181.90 sundry receipts. Expenditure for the year included \$90.66 for insurance, \$228.53 for advertising and printing, \$79.03 for repairs to the building and grounds, \$158.66 in connection with exhibits, \$12.20 for freight, \$206.98 in general expense, \$153.11 for light, \$459.75 in prize money (only fifty percent of which paid), \$404.80 for sports and attractions, \$945 for wages and \$10 for postage.

UNITED STATES EVENS UP DAVIS CUP COUNT BY WINNING DOUBLES

AUTEUIL, France, July 22: (Canadian Press)—George Lott and John Van Ryn of the United States defeated Fred Perry and G. P. Hughes of Great Britain 8-6, 6-4, 6-1 today to even up the inter-zone Davis Cup battle so far, Great Britain having taken the two men's singles yesterday. The competition is for the right to challenge France for the coveted trophy.

Ready For Race

Ready for her race against Ruth Nichols, Amelia Earhart, America's premier aviatrix, standing beside the Lockheed aeroplane in which she matched skill with Ruth Nichols.

Philadelphia Lady To Visit Northern Tropical Valley

MONTREAL, July 22: (CP)—Mrs. Mary G. Henry, wife of Dr. Norman Henry, Commissioner of Health for the city of Philadelphia, accompanied by her son, H. G. Henry, passed through this city on her way to Tropical Valley in Northern British Columbia.

Mrs. Henry is well known for her interest in horticulture and is a contributing editor of the National Horticultural Magazine. She has made two other trips into the little known tropical area where she has collected botanical and entomological specimens for the academy of Natural Sciences, Philadelphia, and has written the story of her discoveries in book form.

INDIAN BOY DROWNED

District headquarters of the provincial police were advised today of the accidental drowning at Namu yesterday of an Indian boy. Neither name or particulars were given in the brief advice received.
