ROAD UP OLDFIELD

Matter Being Taken Up With Department With Request for Surveys—May Carry Out Work Soon

The Mount Oldfield road committee, at a meeting on Sunday, appointed a committee consisting of Dr. L. W. Kergin, M. A. Burbank and Ted LePage which was authorized to communicate with the minister of public works asking that survey lines of proposed routes for the road up the mountain be run following a grade or grades which might be later used for a permanent auto road.

In the meantime, possibilities are being considered of developing a pack road to the ridge of the mountain from McBride Street through McClymont Park and upwards.

Dr. L. W. Kergin was elected chairman of the committee and Ted LePage secretary. The committee consists of the following representatives:

Chamber of Commerce—F. A. MacCallum, Ted LePage and W. E. Drake.

Rotary Club—G. H. Munro, S. C. Thomson and Dr. H. L. Alexander.

Gyro Club—Dr L. W. Kergin, M. A. Burbank and Dr. H. O. Johnsen.

TRAINS MAY BE REDUCED

Four Instead of Six Per Week to be Operated This Summer, it is Reported

While no announcement has yet been made by railway authorities, it is understood that passenger train service on the local line of the Canadian National Railways during the coming summer will provide four instead of six trains a week in each direction. Three will be full passenger trains and the fourth a mixed train.

As far as can be learned, it is planned to operate trains on largely the same time table as last year with the possibility of some minor changes in times of arrivals or departures. The passenger trains, it is expected, will leave during the noon hour and arrive possibly a little later in the afternoons than last year.

VEGETABLES FOR SPRING

New Lines Commencing to Make Appearance on Market Here—Jams and Syrups Up

Spring vegetables are now beginning to make their appearance on the local retail market, California asparagus being the latest arrival.

Mexican tomatoes are of fair quality with prices high. British Columbia hothouse tomatoes are expected soon.

Hothouse rhubarb is about finished and early outdoor supplies are expected very soon.

California grapefruit is very low in price at present, being about as reasonable as it has ever been sold on the local retail market.

There are no grapes on the market until Australian Almerias arrive about the end of the month.

Apple stocks are now down to the keeping varieties.

The recently imposed new tax on sugar is having the effect of materially stiffening the prices of jams and syrups and householders would be well advised to stock up at present prices. Higher prices are also anticipated on canned fruit as it is packed.

WOMEN IN BIG PARADE

Unemployed Seven Hundred Strong Marched to Government Buildings This Afternoon

Women as well as men took part in the unemployed parade this afternoon from the C. L. D. L. headquarters to the government buildings. About seven hundred took part and various banners were displayed that carried by the women asking for an increase in relief of 25%.

One of the big features of the requests made to the government through the local government agent was an increase in the amount of relief.

The marchers assembled outside the government buildings where they were addressed by the leaders and a delegation was sent in to present the requests.

A visit was paid to the mayor's office later where further demands were presented.

Three delegates were sent this afternoon to Victoria to attend the Legislature. They were Harry Murphy, Russell Barr and Joe Stolich.

Put more SUNSHINE days on your calendar

How many days in the month do you feel your best? You can add to these sunshine days by simply obeying nature's laws.

The first of these laws is regular elimination. Avoid common constipation by eating a delicious cereal.

Tests show Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines, and vitamin B to help aid regularity. ALL-BRAN also contains twice the iron of an equal weight of beef liver.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much more pleasant than pills and drugs—so often habit-forming.

Serve as a cereal or use in cooking. Directions on the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.
