

# Keep Feet Warm and Head Cool

Heavy winter shoes are necessary to keep the feet dry and warm at this time of year. Unless the soles are substantial, rubbers should be worn.

To insure perfect comfort and health a pair — of —

## Leckie's Shoes

fill the bill exactly. They are strong, durable and smart. We carry a large stock and it will be no trouble to fit you. Come in and try a pair.

## CUT RATE SHOE STORE

Third Avenue

Prince Rupert

G. W. Laidler, local manager of W. H. Malkin Co., Ltd., sailed last evening on the Catala to make the round trip to Anyox and Stewart on company business. Miss Millicent Osborn R.N., who has been on a vacation trip to Vancouver and elsewhere in the south, returned to the city on the Catala last evening. Miss Alma Evindsen, daughter of Mr. and Mrs. Ole Evindsen of Alice Arm, was a passenger aboard the Catala last evening going through from Vancouver to Alice Arm.

## A Brief Synopsis of Liberal Policy

HEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the well-being of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO.

August, 1933.

1.—Profitable and permanent **Employment** is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An **Economic Council** should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

**National Unemployment Insurance** should be established upon a contributory basis.

2.—Our **Financial** position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.—The **Taxation Structure** must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of **State Health Insurance** should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.—A general and effective review must be made of the **Educational** problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our **Municipalities** is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our **Agricultural Lands** in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.—Continuous effort should be put forth to assist industry in **Marketing** its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a **Highway Board** should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10.—A **Public Utilities Commission** should be established.

11.—A **National Central Bank** should be established.

12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—The **Peace River** must be given access to the Coast.

14.—In order that the utmost **Freedom of Action** by Members of the Legislature may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given **Equality of Treatment with the Other Provinces** of the Dominion.

16.—There shall be a permanent **Voters' List** to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

## District News

### TERRACE

Charles Cauthers of Anyox and his bride, who was formerly Miss Vivian Dix of Terrace, arrived here recently from Prince Rupert. They were greeted by a host of friends. After spending some time at Kalum Lake they left at the week-end to take up residence at their future home at Anyox.

A dance was held last Friday week in the Oddfellows' Hall to raise funds for the C.C.F. party. The dance was well attended and Dr. R. C. Bamford of Smithers, Independent Non-Partizan candidate for Skeena, took in the fun, being in Terrace visiting for a few days.

During the days recently weather has been fine and clear with light frosts at night.

The whole of Terrace assembled at the train last Thursday week to give a send-off to Mr. and Mrs. Norman Moorehouse (nee Mildred Kirkpatrick) who married here that day and who left to live in their newly-built residence in Prince Rupert. It was a lively quarter of an hour with everybody happy.

Dr. R. C. Bamford last Saturday week addressed a public meeting in Oddfellows' Hall here in advocacy of his candidature as an Independent. He drew a good crowd.

### SKIDEGATE

Queen Charlotte Islanders were shocked and grieved to hear of the recent death in Prince Rupert of Albert J. Wilds. Mr. Wilds was one of the pioneer prospectors of the Islands and it was he who first discovered and named Kootenay Harbor, this being the scene of his prospecting in the early days.

Considerable protest has been heard on the Islands at the importation of labor from Victoria on the Port Clements wharf repair job. Not one local man was employed on this work. The relief camp situation and the handling of unemployment relief generally is also coming in for considerable criticism at the hands of "Island folk."

One of the first things that people of the Islands will request of T. D. Pattullo after his election as Premier on November 2 will be the reinstatement of William Newcombe in his position at the Provincial Museum in Victoria. Mr. Newcombe was dismissed by the Tolmie government.

C. C. Starr, consulting engineer from Nelson, has returned home after making a thorough examination of the Prince Rupert group of gold claims for the Hydah Gold Mines Ltd. He was accompanied to the property by the superintendent, A. J. Ingraham, and E. C. Stevens of Skidegate. Dr. Starr, who also looked over the Gold Harbor mine at Gold Harbor, expects to return to the Islands shortly and will visit the Cumshewa area where a number of new claims have recently been staked. One of the latest discoveries being a gold find by Norman Fraser and James Peacock of Prince Rupert.

## Dance of Labor Defence League Is Successful

About seventy-five couples were in attendance at the dance of the Canadian Labor Defence League in the Exchange Block Hall last Thursday night. Dancing was in progress from 9:30 p.m. until 2 a.m. with music by Jimmy's Orchestra of Metlakatla. Fred Radcliffe was master of ceremonies. Refreshments provided by the ladies were served.

## BARRYMORE FILM HERE

Elder of Famous Actor Brothers in "The Stranger's Return" at Capitol

Lionel Barrymore and Miriam Hopkins are co-starred in "The Stranger's Return," picturization of a currently popular novel of rural life, which will be the first of the week feature on the screen of the Capitol Theatre here. As the 85-year old patriarch of a farm founded and pioneered by his family, Barrymore is said to have one of the most interesting characterizations of his brilliant career, his histrionic power attaining new height in the climactic scenes. Miss Hopkins has the role of a city girl who goes to her grandfather's farm and finds there peace and contentment which she could not get in the city. Franchot Tone heads the supporting cast in the role of a college-bred farmer with whom the city girl falls in love. The fact that he already has a devoted wife and baby son dramatizes a hopeless romantic situation that develops into a small-town scandal. Stuart Erwin fills a feature spot as Simon, the corn-lickered farm hand who knows more than he appears to. Tad Alexander has an important juvenile part.

The picture is one of great pictorial beauty with most effective camera work depicting a number of grand farm scenes.
