Fresh Instructions Being Sent by Special Emissary From President Roosevelt to American Delegation-Reduction of World Wheat Production to Be Taken Up

LONDON, June 22: (Canadian Press)—The United city of Wenatchee and Chelan States delegation to the world economic conference said in a statement today that the United States government feels that currency stabilization now would be untimely and possibly would "cause a violent price recession" to the Mayor John Mooney announced detriment of the conference. Simultaneously with the pub-

plication of the statement, it was authoritatively said that the conference had been saved from foundering on the stabilization issue as a result of an agreement between French and United States representatives to postpone discussion of the question until later.

Such was the result of a show-British Peer and His Companion down which France and the central European bloc has been seeking for the past few days in regard to stabilization of the United States dollar and the British pound sterling.
