Hamilton, Ont., writes: "Just before my baby was three months old I found I could not satisfactorily nurse her. For almost two months I tried various milks but none agreed with her. I read different times about Eagle Brand, so I

decided to use it. A week showed a difference. Barbara became contented, would go to sleep after her feeding without any fuss and no vomiting. Nowat 7 months she is just average weight, bright, active, and so contented, which means so much to a busy mother of four active children."

If you are unable to nurse your own baby, follow the advice of hundreds of thousands of mothers and try Eagle Brand. The coupon below will bring you full informative literature.
