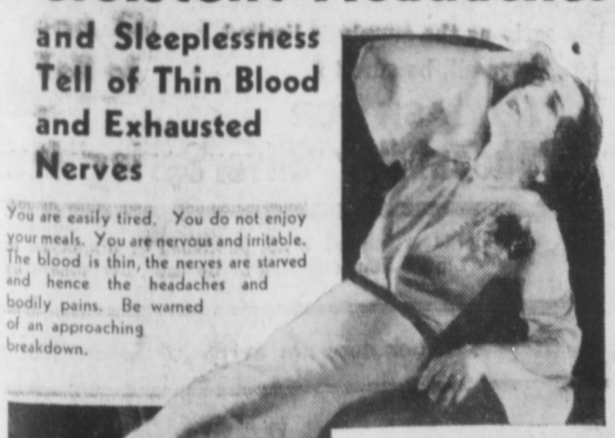
Persistent Headaches
and Sleeplessness Tell of Thin Blood and Exhausted Nerves



You are easily tired. You do not enjoy your meals. You are nervous and irritable. The blood is thin, the nerves are starved and hence the headaches and bodily pains. Be warned of an approaching breakdown.

No medical treatment can be of much real help to you which does not enrich the blood. Because it does positively make the blood rich and red, Dr. Chase's Nerve Food restores the vigor of the nervous system and removes the cause of these symptoms from which you are suffering.

Good, restful sleep, improved digestion and freedom from headaches will soon convince you that this treatment is restoring your health and happiness.

CITY COUNCIL SETS MILL RATE FOR YEAR AT FIFTY-FIVE; IS UNABLE TO BALANCE BUDGET

(Continued from Page 1)

rate to be an arbitrary one with which it was obvious the city would be unable to carry through.

"We have travelled this road for many years," replied Ald. Rochester, "Why should we change now?"

There was some discussion as to the possibility of a commissioner, if one should be appointed, coming in and changing the mill rate. The general opinion was that a commissioner would be hardly able to change the rate at this late date.

Mayor Stephens agreed that, with a rate proposed, it was obvious there would be a large deficit at the end of the year. On the bylaw being given third reading, however, it was passed with only the mayor and Ald. Rudderham dissenting.
