WHY SO NOURISHING?

Because "shot from guns" —every particle of rich energy steam exploded to complete digestibility

Hard to get your children to eat a nourishing breakfast? Then consider this amazing fact! The most appealing, most appetizing cereal you can serve is crammed with energy!

It's the new Puffed Wheat and Puffed Rice. Cool and dainty . . . "twice-crisped" by an exclusive process.

Yet a single dish, say nutritionists, with milk and sugar, gives actually more energy than a baked potato or a thick lamp chop!

Remember — no other cereals are "shot from guns" so that every food cell is broken open . . . giving complete digestibility . . . richer nourishment.
