### LEAGUE IS ORGANIZED FOR INDOOR BASEBALL

Mayor Has Presented a Silver Cup to be Competed for by the Various Clubs—Questions of League Rules Were Thashed Out Last Night

Through the kindness of the Mayor of Prince Rupert Indoor Baseball League has now a handsome silver cup to play for. Without saying anything to anybody about it the Mayor after presenting the cup at the meeting of the "pushers" team the other night decided to present a cup to form incentive for good live effort on the part of the teams and those interested in them to get the best going strong. At last night's meeting of the indoor baseball enthusiasts in the Police Court Chief Vickers made the announcement that the cup had been purchased and was on view at S. Gray's store.

**Organisation Matters**  
Two important points regarding the organization of the league were discussed last night. Representatives of the Bap-tist Brotherhood, the Printers, the Penpushers, and the Royal Ribbons, were present. The question of professionalism came up, and it was decided that that matter as decided at the meeting, though there may be some objection, a motion that the players be signed on for a period of fifteen days, and re-players for thirty days playing for any team was carried by vote of the representatives of the teams present. The number of players in a team is altered from twelve to ten. This was with approval generally.

**New Special Committee**  
A new special committee under the chairmanship of Mr. George Morrison and composed of selected representatives of all existing teams to enter the League is to meet in the Police Court at 8.30 p. m. on Friday 21st. The purpose of this im-

portant committee is to line up the men of the teams, to arrange any further necessary by-law details upon which all teams will be agreed, and to settle upon a suitable place to play, either the Rink or the Kaien Island club rooms being the probable arena. Each team is to appoint its representative, and the managers of the teams are to hand in their line ups of men to Mr. Tite.

**Growing Enthusiasm**  
Growing enthusiasm for the success of the League prevails, and the teams are already showing symptoms of brisk lively rivalry. Rooters and fans will be in crowds all live redbloods. It is astonishing to find so many keen players in the city. They are springing up everywhere, and the organisers of teams have every confidence in their men. So far only one little symptom of dissent has been apparent in the work of organisation of the League. The tiny note of discord comes from the Printers. They have objections to the "unrestricted" selection of men by teams. This objection it is hoped may be overcome, otherwise the League must go ahead without the really cracker jack team of the Printers to whom belongs the credit of having instituted indoor baseball in the city. It will be a pity if they fall out now.

Last night's meeting was held in excellent spirit, and votes of thanks were cordially given for Mayor Manson for his handsome gift of a League Cup. The enthusiastic and unsparring efforts of Alderman Kerr and Chief Vickers who as chairman and secretary of the first organising committee did such good work is very highly appreciated indeed.

## WAR TO THE KNIFE IN THE HOUSE OF COMMONS

At Reassembling of Parliament, the Opposition Started Obstruction Tactics, by Wanting to Discuss Fenian Raid Matters ---Rumors are Busy in Regard to Changes in the Cabinet, But No Announcements Were Made---Hon. Frank Oliver May Retire to Railway Board

(Canadian Press Despatch)  
Ottawa, July 19.—Before the smallest attendance at any session of Parliament for many sessions, the House of Commons reassembled yesterday afternoon. The heat was intense, and the political atmosphere became sultry as well.

### Obstruction Goes On

The Government proceeded at once to throw down the gage of battle by moving that the House proceed at once to go into committee of ways and means on the reciprocity question. The Opposition responded at once with obstructive tactics, by moving an

amendment to the effect that the services rendered the country by the Canadian volunteers during the Fenian Raid be recognised by the Government.

### Fight Goes On

Uncompromising hostility was displayed by the Opposition during the proceedings. By a majority of 61 to 45, the smallest attendance and majority for many sessions the amendment was voted down and the House proceeded to discuss reciprocity. For two hours James Arthurs, Conservative member for Parry Sound, spoke against reciprocity. Then J. D. Taylor

of New Westminster, spoke against the bill for an hour and a half, until he was cut short by a motion to adjourn at midnight.

### No Appointments Made

Expectations that rumored Cabinet changes would be announced were doomed to disappointment as no announcements were made. It is rumored that Hon. Frank Oliver is to be given the seat on the Railroad Commission which has been vacant since the death of Mr. Greenway, and that Hon. Walter Scott, Premier of Saskatchewan, will be taken into the Cabinet.

### HAPPY SURPRISE PARTY

Merry Party of Bright Young People Besieged Residence of Mrs. L. W. Patmore Last Night.

Quite a surprise was successfully sprung on Mrs. L. W. Patmore last night by a merry party of Prince Rupert young people who came prepared to have a happy evening's social entertainment. The party consisted of twenty altogether, ladies and gentlemen, and along with their well laid plans for a successful surprise they included a little arrangement with Gray's Orchestra.

Beyond doubt the surprise was perfect, and beyond doubt the party was a lively success. Mrs.

Patmore caught on to the plan in the twinkling of an eye, and had her own arrangements for the entertainment of her guests complete in a flash. With song and dance, and deliciously cool refreshments for the warm summer evening, the party spent the hours merrily. The spacious veranda of Mrs. Patmore's fine residence added greatly to the pleasure of the dancers, and the superb sunset over the harbor added to the pleasures of sitting out.

The party carrying out the surprise included Miss L. Holtby, Miss A. Brown, Miss V. Lockhart, Miss Fulton, Miss Keeley, the Misses Greenwood, and Miss Kin-kaid, also Messrs. Vance, Edwards, Arnel, Greer, Helgerson, Tatchell, Dunn, Wood, Morris, Holtby, Fulton and Rogers.

As Large a Number as Possible Invited to be Present Tonight at Courtroom.

Tonight at eight in the Police Court room a meeting is to be held with a view to the organization of a branch of the R.S.P.C.A. in Prince Rupert. As large an attendance of the citizens as possible will greatly aid in making the affair a success. The spirit which led a kindly teamster in the city today to place a large cool leaf over his horse's head to keep the sun from beating down upon it is the spirit which will prevail in the organization of the R.S.P.C.A. branch here.

### WILL ASK GOVERNMENT TO INTERVENE IN COAL STRIKE

Boards of Trade of Eastern B. C. Cities Foresee That a Coal Famine Will Occur Next Winter Unless Something is Done to Relieve the Situation

(Canadian Press Despatch)  
Nelson, July 19.—The Fernie and Nelson Board of Trades have endorsed the resolution calling for a joint meeting of the Eastern British Columbia Boards of Trade at an early date, to consider passing a resolution asking the Dominion Government to take action to relieve the serious situation created by the coal strike.

According to local coal dealers high prices for coal here this winter are inevitable, while a coal famine is greatly to be feared. Even if the strike were settled within the next few weeks it would be impossible to obtain fuel owing to other demands upon the supply and the shortage of cars during the movement of wheat from the prairies.

The Nelson Board will hold a special meeting tomorrow to consider asking the C. P. R. to give a special rate on coal from Vancouver Island mines to relieve the situation, otherwise importations of coal must be made from Pennsylvania.

### GAMBLERS WERE FINED TODAY

Fines of \$50 and Costs to \$15 and Costs Imposed—Chief Vickers Made Out Strong Case.

Chief Vickers has been successful in securing a conviction against the party of seven men found gambling in the Grand Hotel the other night. The leader of the set Jesse Hall was fined \$50 and costs this morning by Magistrate Carss. Jesse Ford paid \$20 and costs, G. Sampson \$20 and costs, H. Burke \$20 and costs. These men had all pleaded guilty to having played at least twice. The Jap Tai Kanio who had been winning in the game and had \$20 in front of him when the room was raided, was fined \$15 and costs. His \$20 was returned to him. W. Burnside paid \$15 and costs, W. J. Smith \$15 and costs. These men had played only once. Jesse Hall, the ringleader, admitted that he had taken a rake-off of two chips out of every hand dealt. It was a poker game, and to make assurance doubly sure Chief Vickers had a constable take a hand in the game unknown to the players. Constable Morrison lost his little all—ten dollars—provided by the Chief in the little game.
