Government Members Would Welcome Him as Successor to Tolmie in Leading Administration Out of Wilderness, Province Newspaper Hears

VANCOUVER, June 6: (Canadian Press)—The Vancouver Province says that leading politicians are pressing Hon. H. H. New B.C. Premier?

Hon. H. H. Stevens about whom interesting report is published.

Province says, indicates that members of the government would welcome Mr. Stevens and that Dr. Tolmie is willing to retire if the party so desires. It is stated that Mr. Stevens will attend a meeting in Victoria on Saturday of the executive of the British Columbia Conservative Association.

Victoria Silent
VICTORIA, June 6: (Canadian Press)—Government circles do not comment on the report published in Vancouver that efforts are being made to induce Hon. H. H. Stevens to enter the provincial political field in succession to Hon. Dr. S. F. Tolmie as Premier of British Columbia.

It is said in well-informed circles here that Mr. Stevens' private business has suffered during his absence in Ottawa and it would not be surprising if he abandoned the federal field to return to private life.

Premier Tolmie, according to the Victoria Times, stated today that "no appeal has been made to me, either directly or indirectly, on the matter of Mr. Stevens entering provincial politics." The Premier added that he had considered no change in his plans since he announced his intention of appealing to the country under the government union banner.

The Times also stated that it was reported that W. J. Bowser, former Premier, would not consider dropping his bid for office.
