# GERMANY OUITS ARMS CONFERENCE

Many people are changing their minds in tu efforts to bring order out of chaos. One of these is J. Butterfield, columnist for the Vancouver Province, whose recantation will be of special interest in that it indicates a general trend throughout the province. Here is what he vol. xxiv., No. 239.

"With election day sneaking nearer and nearer it is fitting that we should take careful stock of the situation. This may be something of a surprise to you but I announce after careful thought and due prayer that the only rock of defense for British Columbia in the present only rock of defense for British Columbia in the present of the situation.

CHANGES IN ENTRY LIST Chancellor Also Announces

"Look over what has happened. Last April or thereabouts I went into the non-party-and-purity idea with all the enthusiasm of a boy with his first sweetheart. We expected the millennium to occur and to bring with it a flock of supermen who should lead us out of the wilderness of evil government in which we have been wandering for years.

"As the months wore on this hope vanished. The thing group stand at the same as yesterbecame merely a conspiracy between the members of the day with the exception of Labor discredited Tolmie government directed toward getting which has four instead of three back to power with the old gang but without the Good Doctor.

"There then dawned upon the startled horizon the co- nomination list for Victoria while horts of the visionary Woodsworth with his mixture of that of J. H. Owen, Labor, has been Marx, Blatchford, Fabianism, Henry George and Young added. MacInnis.

"In all the mess there appeared only one consistent been disqualified from standing as group with a definite statement for the public. That was an Independent in Lillooet because the Liberal group headed by Mr. Pattullo. Still hoping for the millennium I continued to abuse the Liberal Party, but it is useless. The other aggregations are not worth the paper they are printed on and are obviously deleterious to the country.

"If you are reconditioning a ship you don't put back the officers and crew that have recently wrecked it. I might even go so far as to say that you do not put a bunch of live nominees in Vancouver Centre pirates in charge. On the other hand you do not turn it over to a bunch of people with an ignorant and very mixed as follows: conception of navigation and who have never been to sea before.

"Wherefore it arrives that in the meantime, while we are still waiting for prosperity to reassume its functions, we can do no better than appoint men of experience to run the ship.

"I hope I have made this clear. I will make a resume of it: I regard the Liberal party as the best bet. The Independent groups are only Tolmie bulls in sheeps' clothing. The C. C. F. is not worth the consideration of thinking

"It has been said that party government robs the people. But with the C. C. F. in office the people would very shortly have nothing to be robbed of. Which would be humiliating and against all reason. With the consolidated independents in office under some such fellow as Bruhn or Jones we would only have a repetition of the ghastly

ineptitude of the last five years. I make no apology for this apparent change of direction. I am proud to have the strength of mind to announce

PRESIDENT VON HINDENBURG ORDERS DIS-SOLUTION OF REICHSTAG AND ALL STATE PARLIAMENTS AND SETS GENERAL ELECTION FOR NOVEMBER 12.

### Developments Follow Refusal Of Geneva To Allow Re-arming

GREAT BRITAIN, UNITED STATES AND FRANCE ADAMANT-NEWS IS HAILED AS "GRAVEST IN TWENTY YEARS" BY SPOKESMEN IN PARIS.

BERLIN, Oct. 14: (CP)-Chancellor Adolph Hitler today notified the League of Nations that Germany will withdraw from it two years hence and announced that Germany was quitting the disarmament conference at once. President Paul von Hindenburg ordered the dissolution of the Reichstag and all state parliaments and set the Reichstag election for November 12.

These sensational developments followed a conference yesterday of Germany's chief delegate to the disarmament conference, who flew from Geneva, with Chancellor Adolph Hitler in regard to a resolution officially embodying the view of Great Britain, United States and France that Germany must get along with the armament and military limitations as set down in the Treaty of Versailles during the transition period.

Chancellor Hitler has definite other views in regard to the matter.

Chancellor Hitler, in an address tonight, bitterly assailed the Treaty of Versailles and reiterated the conviction of the German people that they were guiltless of blame for the Great War.

The disarmament conference adjourned Thursday but it reconvened yesterday.

"GRAVE NEWS," SAYS FRANCE PARIS, Oct. 14: (CP)-French spokesmen today characterized Germany's action in quitting the disarmament conference immediately and announcing its intention to withdraw from the League of Nations in two years as the "gravest news in twenty years."
