From the Waterfront

With a good sized list of passengers on board, Union steamer Catala, Capt. A. E. Dickson, arrived in port at 8:45 last evening from the south and sailed at 8 p.m. for Anxox, Stewart and other northern points whence she will return here tomorrow morning and sail at 1:30 p.m. on her return to Vancouver and waypoints.

Returning south after a special voyage to Ketchikan and Juneau, C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, arrived in port at 2:30 this morning from Alaska, sailing an hour or so later for Vancouver via Ocean Falls and other coastal points. The vessel had on board a number of Alaska passengers for Seattle.

Inaugurating the company's summer tourist service to Alaska, C. P. R. steamer Princess Norah, Capt. William Palmer, arrived in port at 9 o'clock this morning from Vancouver with a capacity list of passengers on board, sailing a couple of hours later for Skagway and other northern points. She is scheduled to call here southbound on Saturday afternoon. The vessel had 154 passengers on board, three disembarking here and eight going north from this port.

Longshoremen at Victoria and Vancouver having declined to touch it, quite a considerable quantity of canner freight from Seattle for Alaska was handled through the port of Nanaimo during the recent longshoremen's strike at Puget Sound ports, according to word received in the city. American boats called at Nanaimo to pick the freight up, longshoremen at the Island port having no hesitation but, apparently, being glad to get the work. It is reported that at least thirty-five carloads of Alaskan cannery supplies was handled in this way through Nanaimo. With the strike now settled as far as Alaska is concerned and American boats moving out of Seattle again, the traffic, which had been giving considerable additional business to the Canadian shipping companies, will now be reverting to its normal course.

The Ketchikan schooner Eskimo arrived in port at 8 o'clock this morning from the north with one carload of fresh halibut for transshipment to the United States over Canadian National Railways. After discharging, the vessel sailed on its return north.

Juneau Gold Mining Co. of Juneau, piloted by Charles Gropstis, called here yesterday morning for fuel while on its way from the Alaska Capital to Seattle. The machine had hopped here from Juneau and the intention was to make the next jump from here to Alert Bay with the expectation of getting into Seattle last night.

Reporting having found no trace of the Seattle halibut schooner Kattala, which has been missing for over three weeks between the south end of the Queen Charlotte Islands and the north end of Vancouver Island, the provincial police cruiser P. M. L. 8 returned to port yesterday afternoon after having been away for over a week conducting a search for the missing vessel.

### PROVED By "Blood Tests"

Thousands of people in 72 different countries have declared that Dr. Williams' Pink Pills have been of definite benefit to them in the treatment of nervous, run-down conditions. That is evidence—now comes PROOF. It is furnished in the recorded results of "blood tests" made by a reputable physician on patients who were in a run-down, tired-out condition, due to impoverished blood.

The one sure proof of the efficiency of a blood-builder is its power to improve the haemoglobin content of the blood. Haemoglobin, as the physician explained to his "blood test" patients, is the oxygen-carrying element of the blood. It builds body cells and clears the system of poisons. Normal health and energy are possible only when the haemoglobin content of the blood is normal.

The physician "blood tested" a typical group of under-par, anaemic people. They were put on a treatment of Dr. Williams' Pink Pills for a month, and were then given a second blood test. In the physician's own words, the haemoglobin increase was "nothing short of remarkable." The patients had better color, more pep and vigor, more desire to work. They were no longer anaemic. The physician's records of these cases are authentic, and copies will be given to any person who desires them.

Why not try this "blood-tested," proven remedy? It will revitalize your run-down system and brighten your life. It will do as much for "teen age" girls and weak children. Your druggist has Dr. Williams' Pink Pills—50 cents a package.

Dick Goldthwait and Russell M. Dow, the former of Hanover, New Hampshire, and the latter of Woodville, New Hampshire, advance guard of a mountaineering party of American college students who will again attempt an ascent of Mount Fairweather Alaska, this summer, arrived in the city on Saturday night's train from the East and sailed this morning on the Princess Norah for Juneau where they will make preliminary arrangements for the ascent.

### STORY IS DRAMATIC

Elissa Landi Co-Starred With Francis Lederer in "Man of Two Worlds" at Capitol

With Francis Lederer, sensational European actor, and Elissa Landi, well known and popular with Prince Rupert audiences, in the leading roles, "Man of Two Worlds," feature offering on the screen of the Capitol Theatre here at the first of this week, is said to be one of the season's most impressive emotional dramatic achievements.

Filmed from a powerful novel by Ainsworth Morgan, "Man of Two Worlds" is the story of a man from the earth's far places who brought to society's drawing rooms his primitive law and philosophy of life. Lederer plays the part of this man, Miss Landi, in the role of an English girl who inspired hopeless love in the heart of a young Arctic big game hunter, does not appear in the earlier sequences of the production, coming in for the London high-life portion which provides the great romantic climax of the story.
