SUN LIFE MEETING

Healthy Reports Read and Optimism Expressed

MONTREAL, Feb. 14:—Ten years ago the Sun Life had less than one billion of assurances in force. Today it has two and three-quarter billions and ranks high among the insurance companies of the world. The sixty-third annual report of the Sun Life Assurance Company of Canada, made public here yesterday, is one of the most encouraging statements which the life insurance business has received for the year 1933. The financial report is a healthy one, showing a general strengthening with an increase in cash in banks, an excess income over disbursements of over twenty-four million dollars, while policy reserves have been maintained on the same high standard as in the past.

It is now pretty welf generally conceded that during the latter months of 1933 the business world saw the turn in the tide of the depression which set in late in 1929.

TWO FILMS PRESENTED

William Powell Heads Cast in One Picture at Capitol and Gary Cooper in Other

"Private Detective 62," featuring William Powell and Margaret Lindsay, and "One Sunday Afternoon," with Gary Cooper, Fay Wray and Neil Hamilton in the leading roles, comprise another attractive talking picture bill which is being offered this mid-week on the screen of the Capitol Theatre here.

The plot of "Private Detective 62," a fast action melodrama with tasty love episodes, concerns a love racket in which a private detective deals with the methods used by an unscrupulous agency in obtaining or manufacturing evidence for the divorce courts. Powell has the title role and Miss Lindsay the part of a girl whom he was to have framed but with whom he fell in love.

"One Sunday Afternoon" is a refreshing romance of the early 1900's concerning a dashing young blade, played by Cooper, and his love at first sight. The background is a colorful one and the scenes elaborate, depicting scenes and customs of those good old days.

From the Waterfront

After a two-day visit to port with party of Masons from the "First City" who were making a fraternal pilgrimage here to attend specials doings of the local lodges, the well known halibut schooner McKinley, Capt. Barney Hanson, sailed this morning on her return to Ketchikan. All the visitors reported having had a highly enjoyable visit and are looking for a return visit by Prince Rupert members of the craft to Ketchikan at a not far distant date. Capt. Hanson had his straw hat on again as he pulled out to ensure good weather for the return trip home. He had brought it with him especially for the occasion and the results were apparent.

TERRACE

Terrace and District Board of Trade held a well attended meeting last Tuesday. Committees for the year were named and general business cleaned off the monthly slate. After the business portion of the evening was disposed of, the members engaged in a debate upon the merits or demerits of the Hornby plan of settlement by communities. An enjoyable hour was spent in this way and the resulting verdict was in favor of the plan.

Last Friday the Anglican community put on a whist drive in the church hall. A large crowd was there and the event proved to be a great success, both fom a social point of view and financially.

The Columario gold and silver mine operating near Usk is expanding its activities. New machinery has recently been installed, buildings are now in course of erection at Gold Ceek, where the road banches away towards the mine, and some twenty men have been put to work.

The two sawmills of Terrace were getting good and busy until the mild weather broke up the sleigh roads and work is for the present at a standstill.
