WHY NOT NAVY BOATS HERE?

His Majesty's Canadian Navy has been overhauled in the south. The Skeena was overhauled by Yarrows at Esquimalt and the Vancouver on the slip of the Victoria Machinery Depot. That is all quite proper and in the natural order of things. Now we suggest that the next time these vessels need an overhaul they should both be sent to Prince Rupert where they could be hauled out side by side in the Canadian National dock and the work would be done just as economically and well as in the south. It is up to the naval department at Ottawa to give Prince Rupert a turn in this overhaul business.

Incidentally, it might also at the same time be well for the naval officers to get well acquainted with this port which is the key to the west from a military and naval point of view. Should war come in which this country might be involved it is probable that we should be fighting on the same side as the United States and the fleet at Puget Sound would pretty well take care of the southern entrance to the country. So far there is absolutely no defense of the northern entrance through Prince Rupert.

Simple Rules Prevent HEADACHES

The best way—in fact the only safe, sensible way—to avoid headaches is to obey Nature. Live a moderate life. Eat moderately. Sleep sufficiently. Get lots of fresh air, exercise and recreation. Avoid worry. And, once or twice each week, enjoy a refreshing, pleasant-tasting glass of Andrews Liver Salt.

This last rule is extremely important. Even with the most careful living and the most regular physical habits you may still suffer from the effects of incomplete elimination of body wastes. Thousands of people suffer from this cause without suspecting it. Occasional use of Andrews helps your eliminative organs to function completely; hence Andrews helps you to new energy—keeps you fit—and corrects the conditions which cause headaches, indigestion, general body weariness, and the "little ills."

Begin following these simple rules for health. Take Andrews once or twice each week. Then you will escape those headaches which bother you so often now—and you will enjoy the pleasure of vigorous good health.

All druggists sell Andrews Liver Salt. In tins at 35c and 60c. New, large bottle, 75c. Sole Agents: John A. Huston Co., Ltd., Toronto.

CRICKET TEST ON

Rain and Bad Light Interfered With First Day's Play Yesterday

ENGLAND ON DEFENCE

NOTTINGHAM, Eng., June 9: (CP)—Australia had England on the defensive when the second day's play in the cricket test match concluded this afternoon. With six wickets left, the Englishmen were 246 runs short of the Aussies' first innings total of 374 due to a brilliant innings by young Chipperfield, who scored 99 and then lost the wicket.

Going to bat in mid-afternoon, England made a good start, Sutcliffe rolling up 62 runs, but, at the close of four wickets, was down for 128 runs.

TRENT BRIDGE, Nottinghamshire, June 9: (CP)—Interrupted by rain and forced to an early stoppage by bad light, the first day's play in the first test cricket match between Australia and England ended yesterday with the Australians scoring 207 runs for a loss of five wickets.

The Aussies were none too comfortable against a combination of English bowling that offered dazzling speed from Kenneth Farnes and slow spins from Hedley Verity, only Ponsford, with 53, and Mccabe, with 50, not out, making any sort of a stand. Don Bradman was dismissed for 29 and Capt. Woodful for 26.

More than thirty thousand spectators witnessed the play.
