

EVEN the children know the fresh creamy flavor of Borden's St. Charles Milk-in the tin with the Gold Cow Label.

Particular cooks find it the most economical way to put "creaminess" in soups, creamed vegetables, puddings and cakes. They know definitely there is no other way to put such good flavor in cooking at so low a cost.

Borden's St. Charles is fresh, full-cream milk evaporated to double richness. From this smooth, concentrated milk you can work up favorite recipes to much finer flavor.

Try the St. Charles way to better cooking. You will never be without it again when you see for yourself the delightful food it will help you to prepare.

It's better and you can prove it!
