Production For Year to Date Has Been Billion and Half Board Feet—1500 More Men Go to Work In Period of Four Months

VICTORIA, Oct. 18: (CP)—The log scale for British Columbia for the first nine months of the year is placed at a billion and a half board feet by the Forest Branch, this being an increase of 350,000,000 board feet over the same period last year. The Department of Labor estimates that the new activity has been responsible for the employment of an additional 1500 men in the woods and mills during the last four months.

FIGHT FOR HAUPTMANN

Appeal Against Extradition to New Jersey to be Carried to Higher Courts

NEW YORK, Oct. 18: (CP)—James M. Fawcett, chief defence counsel for Bruno Richard Hauptmann, announced yesterday that the fight against extradition of Hauptmann to the State of New Jersey to face trial for the kidnapping and murder of baby Charles Augustus Lindbergh would be carried to the appellate court and, if necessary, to the Supreme Court of the United States. The Superior Court of New York on Tuesday denied the habeas corpus application on behalf of Hauptmann against extradition to New Jersey.

CHAIRMAN EXPLAINS

Hon. C. P. Fullerton Makes Further Statement on Railway Co-operation

MONTREAL, Oct. 18:—Despatches from Halifax carried in some Canadian papers quoted Hon. C. P. Fullerton K.C., chairman of the board of trustees, Canadian National Railways, as having stated in an address there that possible savings from railway co-operation in Canada would be fifty million dollars annually. Judge Fullerton yesterday said: "The figure I used in this connection was not fifty million but fifteen million and this I qualified by saying that even a saving of that sum would be contingent upon a docile public who would submit to a wholesale abandonment of lines now serving territories upon which industries and settlements had been established for many years."

MEETING OF P. T. ASS'N

Presentation of Entrance Certificates by Inspector of Schools

The regular monthly meeting of the Prince Rupert Parent-Teachers' Association took place last evening at Booth Memorial School with Mrs. D. C. Stuart, the president, in the chair. There was a splendid attendance of pupils and parents, the occasion being the presentation of Entrance to High School certificates.

In opening the meeting Mrs. Stuart welcomed the children and congratulated them on having passed an important milestone in their lives. Mrs. Stuart also told of the children's story hour which is being held under the supervision of Mrs. J. T. Mandy, who will be assisted by Mrs. Neal Carter and Miss Aileen Gibson. The first hour will be held on November 3 for children between the ages of four years and twelve in the room above the public library.

Before making the presentation of certificates, School Inspector T. W. Hall spoke to the pupils congratulating them. He also spoke of the great credit due to the parents who enabled the children to have such schools with efficient staffs. They had achieved this measure of success also by their own efforts and he told them to face the future with the same spirit. Education should make a responsible, intelligent and fair democracy. The future would be what they made it and, with courage and cheer in their hearts, there would be no occasion for fear. Mr. Hall then presented the Governor-General's medal to Miss Helen Valentine who led this district in the entrance examination. The presentation of certificates was proceeded with and after a very enthusiastic vote of thanks the meeting concluded.

Miss Edith Ritchie, with a capably rendered piano selection, and J. A. Teng, with vocal solos, accompanied by Mrs. J. S. Black, provided an acceptable program.

WINNIPEG, Oct. 18: (CP)—On the strength of reports that France was offering to sell wheat at prices meeting those of the Argentine, there was a break in grain prices on the Winnipeg and Chicago markets yesterday. Wheat here was one cent a bushel lower than the day previous while Chicago recorded losses of almost two cents.

Steps Being Taken to Export Hemlock Logs From Here Under Permit Granted by Government

The council of the Prince Rupert Chamber of Commerce, with Vice-President C. V. Eviitt presiding yesterday afternoon, set a number of committees to work with the purpose of taking advantage of the special permit of the provincial government allowing the cutting and marketing of thirty million feet of hemlock logs in the Prince Rupert district. The permit specifies that only local residents are to be employed in the cutting and shipping of the logs and that, under no consideration, are men to be brought in for the purpose.

The lumber committee of the chamber has the matter in hand and has asked the members of the Northern B. C. Lumbermen's Association to co-operate with it in getting in touch with possible buyers and in putting buyers and loggers in touch with each other. Already one firm has been heard from as a possible purchaser of hemlock logs for shipment to the Orient and others it is expected will be interested.

It is probable that a number of logging firms both in Prince Rupert and throughout the district may be able to share in the work of producing the logs. The grain and fish committees of the chamber have already commenced negotiations with a view to shipping grain and fish with the logs. The freight rates committee will keep in touch with the railway to secure the best possible rates on logs from interior points within the Prince Rupert district.

Finally, the chamber of commerce, being now wholly without funds, the membership committee under Paul Armour will make a drive for new members in order that it may be possible to properly finance the work of the various committees in connection with the organization of the whole scheme. The campaign will begin at once.

Tonight's train, due from the East at 10:15 p.m., was reported this morning to be on time.

FUNERAL OF KING

Belgrade Crowded as All Jugo-Slavia Unites in Grief

Fears Were Felt

Special Precautions Were Taken to Prevent Untoward Incidents

BELGRADE, Oct. 18: (CP)—There were nearly 500,000 visitors in Belgrade today for the funeral of King Alexander, slain monarch of Jugo-Slavia, who was assassinated in Marseilles last week. People came from all parts of the country to view the procession and pay their homage. All modes of transportation were used. The city was shrouded with a white mantle, heavy snow having fallen yesterday. Common mourning has tended to unite in grief the whole of the nation for the time being at least.

Among notable visitors in Belgrade for the funeral were President Lebrun of France, King Boris of Bulgaria and King Carol of Roumania.

An atmosphere of terror prevailed lest anarchists should attempt to take the lives of Little King Peter, the successor to the dead monarch, King Carol, King Boris or other of the notables. Secret service agents made many arrests as they mingled among the crowds seeking firearms and bombs. However, there were no untoward incidents.

The body of King Alexander was buried in the Royal Memorial Chapel at Topolo.

Two Men Charged With Plotting Killing of Alexander Arrested

Dr. Anton Pavelich and Eugene Kvaternik Will Fight Extradition Claiming Immunity as Political and Not Criminal Refugees

TURIN, Italy, Oct. 18: (CP)—Dr. Anton Pavelich and Eugene Kvaternik, reputed master minds in the Marseilles assassinations last week when King Alexander of Jugo-Slavia and Foreign Minister Louis Barthou of France were shot to death, were arrested today on demand of France. Both will fight extradition, claiming immunity as political and not criminal refugees.

Commission On Maritimes To Hold Sessions

OTTAWA, Oct. 18: (CP)—The recently formed Maritime Commission, with Sir Thomas White as chairman, will hold sittings in New Brunswick, Nova Scotia and Prince Edward Island, it was announced yesterday. The Commission has been formed to study recommendations of the Duncan Commission. One of the most important matters to be taken up is that of revision of the financial arrangements between the Dominion and the three provinces.

IRISHMAN CONFIDENT

Col. James Fitzmaurice Says He Will Make Australia Flight in Sixty Hours

LONDON, Oct. 18: (CP)—Col. James Fitzmaurice, entrant of the Irish Free States in the England to Australia air race which is to start on Saturday, caused a mild sensation among the 21 participants yesterday when he declared that he intended to make the flight in sixty hours. The present record is six days and seventeen hours.

Col. Roscoe Turner and Clyde Pangborn and Capt. and Mrs. James A. Mollison were among those who made trial flights yesterday in preparation for the race. Restrictions on weight have forced some of the competitors in the race to make wholesale sacrifice of gasoline and other equipment.

LOS ANGELES RAIN CEASES

LOS ANGELES, Oct. 18:—A break in the downpour of rain which had fallen in Southern California for eighteen hours steadily came last night, giving rise to hopes that the flood threat would be averted. A number of roads were made impassable owing to the heavy rain and several homes had to be evacuated. There was, however, no serious damage and, as far as can be learned, no casualties.

Up to noon yesterday two and a half inches of rain had fallen at Long Beach. Metropolitan Los Angeles reported three-quarters of an inch.

IS LAID AT REST

Many Attend Funeral This Afternoon of Late Nina Gurvich, Who Died This Week

There was a large assemblage of friends at the funeral of the late Nick (Nina) Gurvich jr. which took place this afternoon from St. Andrew's Anglican Cathedral to Fairview Cemetery. Deceased was a popular and widely known local boy and many were desirous of paying final tributes to his memory as well as expressing sympathy for the bereaved. Very Rev. James B. Gibson, dean of the Cathedral, officiated and Peter Lein presided at the organ to accompany the hymns.

Following the service in the Cathedral, a long concourse followed the cortege to the cemetery. Pallbearers were Ross Mazzel, Victor Kovich, Robert Reid, Frank Comadina, William Schriberg and Richard Bury.

There were many floral offerings.
