GOVERNOR IS HEARD

District Rotary Head Guest of Local Club Yesterday

The local Rotary Club changed its luncheon day this week because of the visit of the district governor, Percy B. Scurrah of Victoria, who arrived in the city from Ketchikan and proceeded south yesterday afternoon. He was the guest of honor and speaker at a luncheon in the Commodore Cafe yesterday.

In his address, Governor Scurrah stressed the international value of the Rotary movement. Already there was a membership of 150,000 in seventy countries of the world and the influence of the organization was for the cultivation of international goodwill and the settling of disputes by peaceful arbitration rather than by the arbitrament of war.

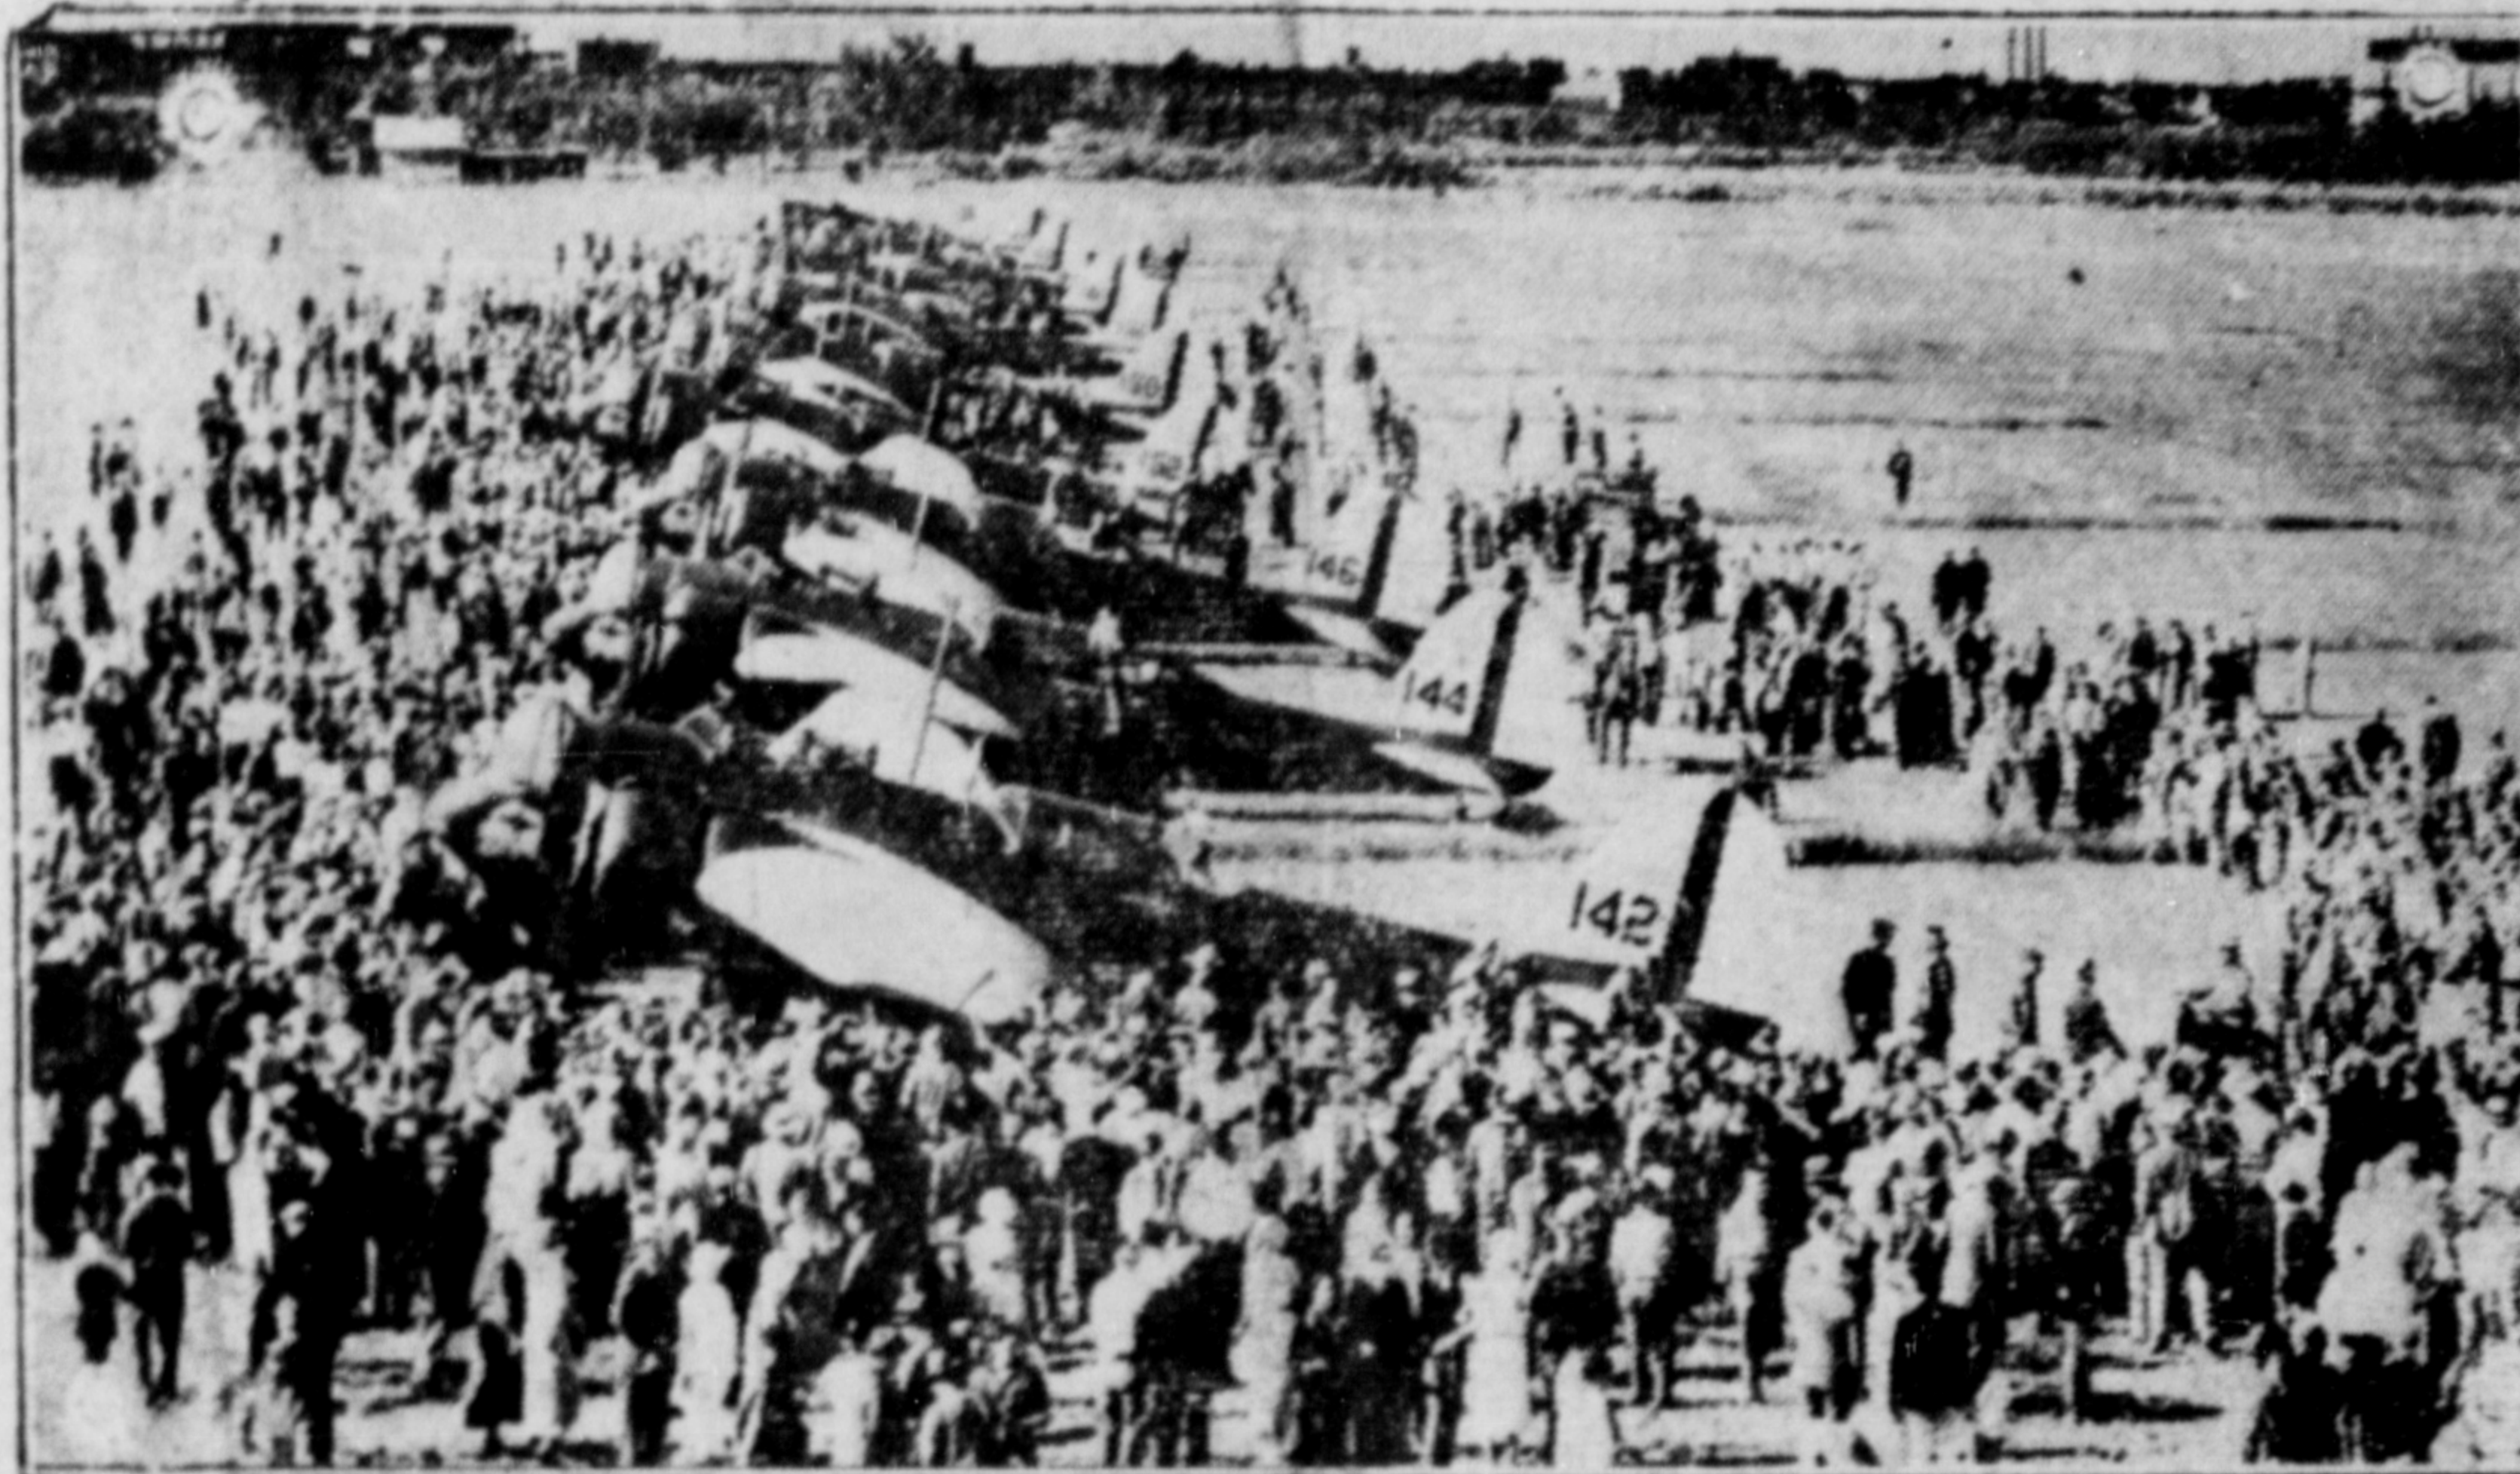

The speaker explained that the Rotary idea was wholly new in that it brought together people of diverse interests. It was a cross-section of the community. Most of their activities were devoted to community service but of late the international aspect was being stressed more and more and he urged the local club to keep it to the fore.

President J. J. Little thanked the governor for his inspiring address and expressed the hope that they would meet him again soon.

Governor Scurrah met the members of the executive on Sunday afternoon and was entertained at dinner by President and Mrs. J. J. Little Saturday and Sunday evenings. Also he was shown around the city by T. H. Johnson Sunday afternoon.

Mrs. Frank Fitzgerald sailed yesterday on the Princess Charlotte for a trip to Ketchikan. She will return to the city Saturday afternoon.
