## GRAY ASSURES GOVERNMENT AID FOR MUNICIPALITIES

### Kamloops Convention Votes Confidence In Municipal Minister

Part, If Not All, of Requests Made Will be Met, Annual Meeting of Union of B. C. Municipalities is Assured

KAMLOOPS, Oct. 4: (CP)—"I will do everything in my power to get as many grants as possible restored and to eliminate charges for social services," Hon. A. Wells Gray, minister of municipal affairs, told the annual convention of the Union of British Columbia Municipalities yesterday. The minister explained that, although he could not commit the government, he was confident that part, if not all, of what the municipalities ask will be done by the government.

### NO FISH SALE TODAY

No boats being in with catches, there was no sale of halibut on the local fish exchange today.

### CAUSE IS UNCERTAIN

Question Arises as to Whether or Not Valentino Colussi Was Killed by Being Struck By Train

### Evidence Heard

Inquest Adjourned in Possibility of Getting Further Information as to Deceased's Movements

Considerable uncertainty arose out of evidence adduced at the inquest Wednesday night into the death of Valentino Colussi, section foreman at Tyee station on the Canadian National Railways about twenty-five miles east of Prince Rupert, as to whether deceased was already dead when run over by an extra freight train on Sunday night about a mile east of Haysport or whether the injuries inflicted by being struck by the train were the actual cause of death. Engineer John Rutter and members of the train crew testified that the body was cold and stiff when it was examined by them for signs of life immediately after the train had run over it. The engineer expressed confidence that rigor mortis had set in by that time and that the man had been dead before the train struck him. Other members of the train crew agreed with this opinion. Dr. L. W. Kergin, who performed an autopsy on the terribly mutilated remains, testified that "this man was alive when hit. He died as a result of his injuries almost instantly after being hit." The doctor added that he had been informed by the undertaker that there was still residual heat in the body after it had been delivered to him several hours later.

According to the evidence, it was late in the afternoon of Sunday that deceased was last seen alive walking eastward along the track out of Haysport. It was 9:05 p.m. that the train ran over him. There was no evidence to account for his movements in the meantime but it was decided to adjourn the hearing in order to hear evidence of men on board a speeder which is said to have passed over the area about 6 o'clock that evening.

Alfred Ernest Edward Loughheed, another section man at Tyee, told of having been at Haysport with deceased on Sunday afternoon, having last seen him about 2:30 that afternoon.

Nelson Brew, storekeeper at Haysport, told of deceased having been in his store at 3:15 Sunday afternoon.

Kimi Muramatsu, 12-year old Japanese girl of Haysport, testified that she had seen deceased walking eastward along the track out of Haysport between 4:30 and 5 o'clock, possibly later, Sunday afternoon.

Provincial Constable Victor Bond, one of the officers who took the body in charge, stated that it was lying face downwards between the tracks in a lengthwise position. There was \$128.03 cash and checks in the clothes. There was a pocket knife about twenty feet west of the body. On the side of the track near the body was a sack containing goods. About six feet further along was a cap.

Engineer Testifies

Engineer Rutter told of leaving Prince Rupert at 8 p.m. Sunday for Pacific. The train was travelling about 23 miles per hour. After rounding a curve he saw from a distance a body lying on the track.

### Evidence Closing Around Hauptmann

BRUNO HAUPTMANN JAMES M. FAWCETT  
Bruno Hauptmann, accused in the Lindbergh kidnapping case, appears in Bronx court with his attorney, James F. Fawcett. Hauptmann has been indicted of extortion in New York and is to be charged in New Jersey with first degree murder.

### Fundamental Conditions Are Unchanged and All Wheat Is Needed, States McFarland

WINNIPEG, Oct. 4: (CP)—Until the actual consumers want wheat, the Canadian government agency will not sell its holdings, declared John I. McFarland, general manager of the Canadian Wheat Pools central selling agency, last night. Mr. McFarland attacked what he termed as "malicious" gossip resulting from his suggestion that selling operations on the Winnipeg Grain Exchange be investigated. He emphatically denied that the Canadian government was dumping its holdings on the market. Rumors had circulated through leading grain exchanges of the world and, in two days, Winnipeg wheat prices had slumped six cents.

"Fundamental conditions of the world grain market are unchanged and, before this cereal season is over, all our surplus will be required for food and seed," Mr. McFarland added.

Wheat prices dropped another 3c here yesterday, making a total drop for two days of six cents.

Alberta Premier's Request  
OTTAWA, Oct. 4: (CP)—It was reported here yesterday that Premier Reid of Alberta had asked the federal government to handle the marketing of the 1934 wheat crop itself or assume responsibility for Winnipeg market activities.

### TAX STILL IN EFFECT

Tugs and Similar Craft Must Continue to Pay Impost, Minister of Finance Announces

VICTORIA, Oct. 4: (CP)—Distillate and gasoline used by tugs and similar sea-going craft will remain subject to the two-cent a gallon tax. Hon. John Hart, minister of finance, announced to a delegation which waited upon him here. The statement was made in connection with discussion of the new 7c gasoline tax.

### Capital Confiscation and Socialization of Industry Turned Down

Proposal of Extremist Faction at Convention in Southport, England, Rejected by Overwhelming Majority Today

SOUTHPORT, Eng., Oct. 4: (CP)—The moderate majority of the British Labor Party once again in annual convention overwhelmed the extremist faction today, the convention rejecting by almost two million votes a proposed amendment to the party platform calling for partial confiscation of capital and property in a socialization of industry scheme which called for confiscation with compensation to previous owners in the form of an income allowance for a maximum of twenty-five years, containing, however, no provision for capital repayment.

### GRAVE FEAR BEING FELT

No Trace Found by Search Vessels of British Freighter Millpool, Which Sent Out "S.O.S."

ST. JOHN'S, Nfld., Oct. 4: (CP)—Despite a day's search operations by two rescue ships, no trace had been found up to last night of the British freighter Millpool, inbound for Montreal with 26 of a crew on board, which sent out "S.O.S." signals on Tuesday, reporting herself disabled and damaged in a fierce Atlantic storm 700 miles off the coast of Labrador.

The search is being continued with grave fears for the safety of the vessel and those on board.

By a smashing majority, the moderates had previously overwhelmed the extremists, rejecting proposals by Sir Stafford Cripps, Left Wing leader, to write into the party platform proposals for immediate steps towards extreme state socialism.

The convention decided that, in the event of war or threat of war involving Great Britain, an emergency convention should be called to decide the attitude to be taken by labor. A resolution was passed opposing war as an instrument of national policy but rejecting a proposal that a general strike be called in the event of war or threat of war.

### DETROIT TIGERS WIN IN EXTRA-INNING GAME TO EVEN UP WORLD SERIES

"School Boy" Rowe Turned in Excellent Pitching Performance, Yielding But Seven Hits in Twelve Stanzas—Hallahan Blew Up

DETROIT, Oct. 4: (CP)—The Detroit Tigers evened up the World Series today by defeating St. Louis Cardinals 3 to 2 in a twelve-inning battle. Lynwood (School Boy) Rowe, Tiger rookie pitcher, turned in a wonderful performance, allowing but seven hits, six of which came in the first three frames. "Wild Bill" Hallahan, who started for St. Louis, was master all the way.

The Cardinals having the edge of a two to one score on entering the ninth. Here Hallahan blew up and was relieved by Bill Walker, another southpaw. From the ninth until the twelfth, it was a ding-dong affair until Greenberg, Detroit first baseman, was walked and scored on Goose Goslin's single.

With the game tied up two all at the end of the ninth, the tenth inning brought no score.

St. Louis Opens Scoring  
With the batteries consisting of "Wild Bill" Hallahan and Delancey for St. Louis and "School Boy" Rowe and Cochrane for Detroit, the Cardinals opened the scoring in the second when Delancey singled, scoring on Orsatti's sizzling three-bagger into left field. St. Louis scored again in the third when Pepper Martin singled, advancing to second on Rothrock's bunt and scoring on Medwick's single. Medwick was thrown out at the plate trying to score on Collins' single.

Detroit scored in the fourth, Rogell doubling and scoring on Fox's two-bagger down the third base line, the Cardinals claiming it was a foul but the umpires deciding otherwise.

Both pitchers worked smoothly until the ninth when Detroit tied the score. Fox singled. Rowe sacrificed him to second and he scored when Gerald Walker, batting for White, singled. The Detroit fans went wild with enthusiasm as the score was tied.

Manager Frankie Frisch of the Cardinals then relieved Hallahan, Bill Walker going in to catch Gerald Walker off first while Cochrane fanned to retire the side.

The game was held up when a spectator fainted in the stands.

Final score:

St. Louis ..... 2 7 3  
Detroit ..... 3 7 0

### New Commissioner

TORONTO, Oct. 4: (CP)—J. M. Godfrey, Toronto barrister, has been named new utilities commissioner for Ontario in succession to George M. Drew.
