### Pool Operations

Referring to the business operations of the three Wheat Pools of Manitoba, Saskatchewan and Alberta the past year, Mr. Purdy said that he was naturally more closely in touch with the Alberta Pool but he could say that all three pools nad a very satisfactory year, had oaid in full all obligations due to date on the 1929 overpayment, afer making ample provision for depreciation and adding to capital reserves. The wheat pools, however, as stated recently by H. W. Any improvement in wheat prices would be immediately reflected in the cities of Canada, and would be of vital interest to Canadian seaports, so intimately tied up with the welfare of the producer, as they transported his products to market and brought back the goods he required in exchange.

Mr. Purdy was accompanied on RHUBARBis visit to Prince Rupert by J. Bennett, superintendent of Alberta Pool Terminals on this coast, and W. A. MacLeod, director of publicity for the three western wheat pools. The party spent some time at the terminal elevator with their local officials and left for Vancouver on the Prince George last evening.
