FRAUDULENT RELIEF

There is no doubt that the relief plans of the provincial government have been abused. People who were not entitled to it took money from the public funds, usually because they heard their neighbors were doing the same. It was something like this: "Jones is drawing down his twenty dollars a month and he doesn't need it as badly as I do," so application is made and the money is paid. It was public money anyway and the recipients did not feel that anybody was being robbed.

At present an investigator is in the interior in connection with reports of people securing relief fraudulently. Some prosecutions have already been launched and others are likely to follow. There is a possibility of the investi-

gator also visiting Prince Rupert.

COST OF LIVING DOWN

According to the Bureau of Statistics at Ottawa the cost of living dropped in June, the recession being mostly in foodstuffs. Up to that time there had been a steady ad- Detroit vance all along the line. The only advance in June was in Cleveland men's wearing apparel which was slightly dearer due to Boston the higher cost of yard goods. Possibly the drop is only st. Louis seasonal.

TRUMPETER SWANS

There seem to be some people who still doubt that the Grotto Suffers swans which visit Tlell each winter are trumpeter swans. As it is illegal to shoot swans of any kind, none of these have been killed but people who have seen and heard them say they are the real "trumpeters." Yesterday we pub- Defeated 9 to 8 by Elks in Tight lished a report from Tlell that a couple of the birds had apparently taken up summer residence in the Tlell River. Scientists will be interested in this and doubtless will investigate.

CHEAPER RAILWAY FARES

Editor, Dail News: Many people living along or Vational between Prince George and Prince Rupert would much opreciate lower railway fares beween these points. May I suggest named on time tables to and from The evening's program included my station along the line. Many Gordon Calderwood and Billy should be encouraged more as is done in all other countries. If cheaper fares were made known to the general public I feel sure many beople would travel by train who annot affoard to do so now. Cafradian National Railways belong of the people of Canada and surely they should have every facility rael on their own railways. In the bast nothing has been done to en-"free" pass many of whom are pations. It is high time that all passes and other concessions were made to pay their proper fares. It is an absolute disgrace to the rail-

way management that the general

public is not catered for in a pro-
