## HEARD AT VICTORIA

Fight in Columbia—Budget Coming This Week—Throne Debate Nears Close

VICTORIA, March 5—A contest is expected in newly created Columbia riding, the by-election date for which has been set for March 10 with nominations on March 6 following the signing by the Lieutenant Governor of the bill under which the seat, which was merged with Revelstoke by the Toimie government, again comes into existence as a separate entity. Thomas King, the former member, is expected to be nominated by the Liberals and the C.C.F. will also offer a candidate, the probability being that there will be only the two candidates. The re-creation of the seat increases the membership of the Legislature to forty-eight. It will be the first by-election since the general contest.

With the debate on the address in reply to the Speech from the Throne drawing to a close, Premier Pattullo announces that the budget will be brought down this week by the minister of finance. Hon. John Hart, with the financial condition of the provincial government pretty well disclosed by statements that have already been issued, principal interest will centre in the government's financial plans for the future and its program in connection with taxation.

R. H. Carson, Kamloops, and C. I. Tupper, Similkameen, both Liberals, joined in the Throne Speech debate in pleading for a "new deal" for the man on the land. They also urged more adequate measures of unemployment relief.

E. Bakewell, C.C.F. member for Mackenzie, who is a chemist for the Pacific Mills at Ocean Falls, discussed the logging industry from an academic standpoint, urging selective logging as the most effective method. He took a thrust at paper towns, describing them as a "survival of feudalism."

## New Style of Packing Coffee

"Nothing is more certain than change," say the philosophers. Progressive business houses illustrate this in their endeavors to improve their products and the way they pack them for their customers, the public. In this respect it is interesting to note that Nabob Coffee, known for several decades throughout the entire length and breadth of Western Canada in the familiar red and green tins, is now available in handsome glass jars, quart size, of the Mason wide-mouthed type. Interesting, too, is the fact that buyers may have their choice of either the can or the jar, which are both vacuum-packed to ensure freshness, since it is not the intention of Kelly Douglas & Company Ltd. to discontinue the well-known Nabob Coffee can.

The new jar will be useful in a dozen ways in the modern kitchen—for storing dried fruit, sugar, salt, etc., etc., while there is no doubt that thousands of housewives will, this summer, pack their preserves in the handsome Nabob Coffee jar.

Ss. Cardena midnight  
Mar. 15 and 29—ss. Pr. Norah p.m.

## DRAMA IS THRILLING

Splendid British Picture is Being Featured at Capitol Theatre Here

An intensely dramatic, suspenseful and thrilling war time story, "I Was a Spy," first of the week feature offering on the screen of the Capitol Theatre here, recapitulates the daring deeds of Martha McKenna, who was a Belgian nurse in a German hospital during the Great War. It is a British production, the film being adapted from the woman spy's own reminiscences in a very realistic manner.

Impelled by her humanity to act as a nurse in a German hospital, Martha also accepts the call of patriotism and spies upon the Germans, working to defeat their aims. Finally she is trapped and the story comes to a poignant climax. There are a number of spectacular denouements.

The cast is led by Madeleine Carroll, popular British screen actress; Herbert Marshall, also a strong favorite; Conrad Veidt, famous continental actor; Gerald du Maurier, another British artist of note, and Edmund Gwenn, whose character studies are always excellent.

## IMPROVING OF RADIO

All Depends Upon Funds Available Says Charlesworth—Reception Survey Under Way

"It is the desire of the Commission to improve its Vancouver station in order to give better coverage in your province and also to bring up the power of the Calgary broadcasts," states Hector Charlesworth, chairman of the Canadian Radio Broadcasting Commission, in a letter to John Dybhavn, president of the Prince Rupert Chamber of Commerce. "Our plans in this direction are contingent on our being voted sufficient money at the present session of Parliament to provide remedies for British Columbia."

During a recent visit to Ottawa, Mr. Dybhavn conferred with Mr. Charlesworth in regard to the local reception conditions and has since been in communication with the chairman of the commission on the subject.

As a result of representations made in the House of Commons recently by Olof Hanson, M.P. for Skeena, Hon. Alfred Duranleau, minister of marine, has caused a radio inspector to make a trip through the district between Jasper Park and Prince Rupert to investigate radio reception and interference. The inspector is reported to be already started upon this survey from the interior.
