The Merriest Christmas

There's a gay and jolly spirit in the very air itself. Listen! And you can almost hear the tuneful jingle of Santa's sleighbells and the merry laugh of Old Saint Nick as his annual caravan prances lightly o'er treetops and roots proclaiming this, the brightest season of all the year. It's Christmas, no doubt about it ... Christmas with all its fun, all its jollity. It may well be a right happier occasion than any we have had for years.

Let us all forget our difficulties and doubts, the worries of business, the drudgery of our labor, the annoyances of friends and relatives, everything which is unpleasant and make the present season the banner Christmas of our lives.

Most of us can do this if we set out to try to make others happy.

PREMIER PATTULLO'S CHRISTMAS MESSAGE

It is a great pleasure to again extend Christmas greetings and good wishes to all, netwithstanding that it means that another milestone on an all too short road has been passed.

Life is good even although there is much hardship in the world. The duty rests upon each of us to do what we can in our own sphere to cheer and help the lot of others not so fortunate as ourselves.

The complexities of modern society have brought many new problems but I believe that forces are at work which will make for their solution.

Meantime the glad tidings, "Peace on earth, goodwill towards men" is the wish of us all.

"To the residents of Northern and Central British Columbia, I extend my sincere wishes for a Happy Christmas."--Olof Hanson.
