An important ANNOUNCEMENT to car owners regarding

PASSENGER TIRE GUARANTEES

BEFORE 1933

Previous to January 1st, 1933, tires made by the companies whose names appear below were guaranteed against faults in material and workmanship only.

DURING 1933

One year ago, on January 1st, 1933, announcement was made that all straight side passenger car tires for use in private service would be sold after that date under a written guarantee against all road hazards, except punctures and running flat, for a period of twelve months or nine months, depending on the grade of tire, and that a certificate of such guarantee for each tire would be issued to the purchaser.

Tires purchased previous to the introduction of the written guarantee carried the former guarantee until the end of 1933. This period now having expired, no further claims can be considered on any passenger tires used in private service unless they were purchased since January 1st, 1933, and are accompanied by the guarantee certificate.

AND NOW

If you purchased, during 1933, tires made by any of these companies, and did not receive a written guarantee, you should at once see the dealer from whom such tires were purchased, and get a guarantee certificate, giving date of purchase of each such tire.

IN FUTURE

Purchasers of straight side tires for private passenger, car service hereafter should be sure to obtain from the dealer a written guarantee with each such tire purchased. Purchasers of cars should get a similar guarantee for each new tire on the car at time of purchase.

After this date dealers, branch offices and service departments of all companies can entertain no claims for adjustment of such tires unless ACCOMPANIED BY THE WRITTEN GUAR-ANTEE FORM.
