Some thirty members of the Khtaada Fishing Club over the week-end completed the job of taking in three skiffs to Khtada Lake for the convenience of the angling members of the club. The big job had been started, the week previous but could not be completed at that time, the biggest boat having been taken almost in while the two smaller ones got in part of the way. The power cruisers of Dr. L. W. Kergin, G. A. Bryant, R. G. Van der Sluys and Dr. H. L. Alexander were used in transporting the workers up the Skeena. On the way up the river, the propeller of Dr. Kergin's boat, Aledor, was damaged by a log and it was necessary for him to have towing assistance.
