KETCHIKAN MOVES TOWARDS DISPENSING HARD LIQUOR

Disarmament Terms Are Discussed Between Two Great European Nations

"Automatic, Periodic and Equal Supervision" Set Down As Primary Basis by French—Non-Aggression Pact For Ten Years Urged by Boncour

PARIS, Jan. 18: (CP)—France has informed Germany that "automatic, periodic and equal supervision" of all armaments must be the foundation of any disarmament agreement between the two nations. France also expresses willingness to abolish bombing planes and to destroy fifty percent of her present equipment and also seeks internationalization of all air forces.

Germany's reply is expected daily. Urging upon Parliament the passage of the government-sponsored non-aggression pact with Germany, Joseph Paul Boncour, foreign minister, advocated Germany's return to the League of Nations and expressed favor for the holding of a plebiscite in 1935 on the Saar problem.

The ten-year non-aggression pact between France and Germany has been proposed by Chancellor Adolph Hitler of Germany and the present French administration has gone on record as favoring it.

Before an afternoon tea meeting of the local Women's Canadian Club yesterday afternoon, T. H. Lonsdale of Banff, Alta., gave a highly interesting illustrated address on the subject of "The Canadian Rockies." There were no less than 160 beautiful lantern slides with which Mr. Lonsdale took his listeners on a tour through Banff, along the Columbia River Highway and through the Windermere and Kootenay districts. Highway and mountain scenes were shown as well as animal and bird scenes and winter, summer and autumn views.

Mrs. A. E. Parlow, first vice-president, was in the chair in the absence of the president, Mrs. D. McD. Hunter, who is confined to her home following a recent accident. A vote of thanks was tendered to the speaker on motion of Mrs. F. A. MacCallum and Miss Lillian Halliwell.

CAMPAIGN PROCEEDS CHANGING OF RELIEF

Revival Meetings Being Held This Week at Salvation Army Citadel Here

The Salvation Army is getting good attendance at a series of revival meetings which are in progress here this week. Capt. A. Coxson and Lieut. H. Milley, the local corps officers, have been so far in charge but Staff Captain Joseph Acton of Wrangell, divisional commander for Northern British Columbia and Alaska, is due in the city from the north on the Princess Norah tonight to take charge until Sunday.

At the opening meeting Tuesday night there was a special play by the young people entitled "The Journey of Life." Those taking part were Miss Dolly Smith, Miss Clara Pierce, Frank Pierce, Ted Harmon, Mr. Steinburg and Miss Mary Pierce. An address on "The Journey of Life" was given by Capt. Coxson and Ted Harmon and Frank Pierce sang as a vocal duet "The Railway to Heaven."

Last night there was a campfire service, the Citadel hall being specially decorated for the occasion with trees and evergreens. A large crowd sat around the campfire and there were recitations by David Nickerson and Capt. Coxson and vocal solos by Miss Mary Pierce while Frank Pierce led in community singing. Lieut. Milley gave a talk on "Blazing the Trail."

A suggestion of Premier Taschereau of Quebec that the municipalities be relieved from any further contribution to relief funds was received by the delegates with mixed feelings. It was felt that it could hardly be adopted as a general rule.

Mrs. Joseph T. Mandy was an interesting speaker today at the regular weekly luncheon of the Prince Rupert Rotary Club in the Commodore Cafe, her subject being "The Spoken Word." John Dyb-lavn, president, was in the chair and there was a good attendance of members with a few guests.
