BURNS LAKE LOOKS GOOD

New Era of Prosperity Seems to be Dawning For Lakes District

Interior Revives

Crops Good and Tie Cutting Commencing—Highways Are Wanted

(By H. F. Pullen)

BURNS LAKE, Sept. 28.—As with most of the places along the line of the Canadian National, a new era of prosperity seems to be dawning for Burns Lake and the Francois-Ootsa Lake district. The crops are good, tie cutting is about to commence, a number of game hunters are coming into the country and people from the south are once more beginning to take an interest in the district and are making inquiries for partially developed farm lands.

It is a wonderful country here. Lakes small and large are seen everywhere and there is wild fowl in abundance. On the shore of Francois Lake there are large wheatfields sloping to the water's edge and fertile farms are found all the way to Ootsa Lake. To the north Babine Lake is the largest in British Columbia and Francois is probably the second. The other lakes grade down from some miles in extent to the merest ponds. There are hundreds of them and they are in most cases well stocked with fish.

Many of the farmers grow wheat and oats and the timothy seed is said to be an excellent crop with the price much higher than last year. Some complaint is heard in regard to the price of cattle but all are hoping that there will be improvement before Christmas.

An increase in the number of ties to be cut and in the price to be paid for them is the best news they have received this year and it came to them through the Daily News of Prince Rupert, the paper that everybody reads.

That people have faith in Burns Lake is shown by the fact that T. P. Smith, formerly of Prince Rupert, is about to open a modern drug store here. He looked over the town and district and decided it was the best looking centre in the north.

The people of the town are hoping the Alaska Highway will be built and that the highway to Prince Rupert will be completed soon as they see in these an additional incentive to travel through the north.

Charged by the fisheries department with having been in possession of fish caught above the fishing boundaries on the Naas River, Ralph Clayton of Kincolith appeared before Stipendiary Magistrate W. F. Eve at Anxox on Wednesday and was fined \$15, with option of fifteen days' imprisonment. Gordon Steven, another Kincolith Indian, was similarly charged but the case against him was dismissed.

Alex Wylie Of This City Bereaved
By Loss Of Father, Prominent Figure In His Community

Robert Wylie, carpenter and boatbuilder of Campbelltown, Scotland, passed away recently at his home in the old country after a lengthy illness in his seventy-seventh year. He was the father of Alex Wylie, well known Prince Rupert boatbuilder.

The Campbelltown Courier, in a lengthy account of Mr. Wylie's career, paid the following tribute: "The sad event (Mr. Wylie's death) occasioned widespread sorrow and regret, particularly in the seafaring section of the community, among whom his life and work were almost entirely spent. No more familiar figure or more highly esteemed personality than Bob Wylie has been known around Campbelltown harborside for more than half a century. Deceased was a member of a greatly respected Campbelltown family, the male members of which had names to conjure with among craftsmen in wood. In addition to his business activities and his attachment to the sea, Mr. Wylie identified himself with several other interests. He was an old volunteer, a good musician, a keen rifleman and probably the oldest member of the Orange Order in Campbelltown. A genial, kindly man, capable of warm friendships and with a keen sense of humor, he will be much missed in the community."

The late Mr. Wylie is survived by his widow and four sons. A fifth son made the supreme sacrifice in the Great War.

ROMANCE OF RADIO STARS

"Twenty Million Sweethearts" Is Distinctive in Way of Entertainment

"Twenty Million Sweethearts," a romance of the radio, which is being featured on the screen of the Capitol Theatre here this week-end, is said to be a distinct innovation in film entertainment, giving the behind scenes picture of radio entertainers and their task of pleasing the public. The story deals with the intimate affairs of the radio folk with their joys and tribulations, their struggles and successes.

Dick Powell and Ginger Rogers in "Twenty Million Sweethearts."

The picture combines comedy, drama and romance in a well defined plot and is also interspersed with catchy songs.

There is a strong cast of players with diversified talents with Pat O'Brien in the leading role as a fast-talking if blundering talent scout for a radio company. Dick Powell and Ginger Rogers are the romantic team. The Four Mills Brothers are heard in tunesome songs while Ted Fio Fito and his band, well known to local radio listeners, are also featured.

OFF COLOUR? HOW IS YOUR LIVER?
Wake up your Liver Bile—Without Calomel

Your liver is a very small organ, but it certainly can put your digestive and eliminative organs out of kilter, by refusing to pour out the daily two pounds of liquid bile into your bowels. You won't completely correct such a condition by taking salts, oil, mineral water, laxative candy or chewing gum, or roughage. When they've moved your bowels they're through—and you need a liver stimulant.

Carter's Little Liver Pills will soon bring back the sunshine into your life. They're purely vegetable. Safe. Sure. Ask for them by name. Refuse substitutes. 25c at all drug stores.
